^{*} Value as a percent of net assets

⁽¹⁾ All portfolio companies are located in North America or Europe. As of September 30, 2024, Trinity Capital Inc. (the "Company") had four foreign domiciled portfolio companies, two of which are based in Canada and

TRINITY CAPITAL INC.

Consolidated Schedule of Investments September 30, 2024 (In thousands, except share and per share data) (Unaudited)

two of which are based in Europe. In total, these foreign domiciled portfolio investments represent 3.5% of total net asset value based on fair value. The Company generally acquires its investments in private transactions exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"). These investments are generally subject to certain limitations on resale and may be deemed to be "restricted securities" under the Securities Act.

- (2) All debt investments are income producing unless otherwise noted. All equity and warrant investments are non-income producing unless otherwise noted. Equipment financed under our equipment financing investments relates to operational equipment essential to revenue production for the portfolio company in the industry noted.
- (3) Investment date represents the date of initial investment date, either purchases or funding, not adjusted for modifications. For assets purchased from the Legacy Funds as part of the Formation Transactions (both terms as defined in "Note 1 Organization and Basis of Presentation"), the investment date is January 16, 2020, the date of the Formation Transactions.
- (4) Interest rate is the fixed or variable rate of the debt investments and does not include any original issue discount, end-of-term ("EOT") payment, or additional fees related to such investments, such as deferred interest, commitment fees, prepayment fees or exit fees. EOT payments are contractual payments due in cash at the maturity date of the loan, including upon prepayment, and are a fixed rate determined at the inception of the loan. At the end of the term of certain equipment financings, the borrower has the option to purchase the underlying assets at fair value, generally subject to a cap, or return the equipment and pay a restocking fee. The fair values of the financed assets have been estimated as a percentage of original cost for purpose of the EOT payment value. The EOT payment is amortized and recognized as non-cash income over the term of the loan or equipment financing prior to its payment and is included as a component of the cost basis of the Company's current debt securities.
- (5) Principal is net of repayments, if any, as per the terms of the debt instrument's contract.
- (6) Except as noted, all investments were valued at fair value as determined in good faith by the Company's Board of Directors (the "Board") using Level 3 inputs.
- (7) Asset is valued at fair value as determined in good faith by the Company's Board using Level 1 and Level 2 inputs.
- (8) The interest rate on variable interest rate investments represents a benchmark rate plus spread. The benchmark interest rate is subject to an interest rate floor. As of September 30, 2024, the Prime Rate was 8.00% and the Secured Overnight Financing Rate ("SOFR") 30 Day Forward Rate and 3-Month Term Rate were 4.82% and 4.59%, respectively.
- (9) Senior Credit Corp 2022 LLC owns an additional portion of this security. See "Note 12 Related Party Transactions" for further discussion.
- (10) Indicates a "non-qualifying asset" under section 55(a) of the Investment Company Act of 1940, as amended (the "1940 Act"). The Company's percentage of non-qualifying assets at fair value represents 13.4% of the Company's total assets as of September 30, 2024. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.
- (11) Investment has zero cost basis as it was purchased at a fair value of zero as part of the Formation Transactions (as defined in "Note 1 Organization and Basis of Presentation").
- (12) Investment is a secured loan warehouse facility collateralized by interest in specific assets that meet the eligibility requirements under the facility during the warehouse period. Repayment of the facility will occur over the amortizing period unless otherwise prepaid.
- (13) Company has been issued warrants with pricing and number of shares dependent upon a future round of equity issuance by the portfolio company.
- (14) Investment is pledged as collateral supporting amounts outstanding under the Company's credit facility with KeyBank, National Association (the "KeyBank Credit Facility"). See "Note 5 Borrowings" for more information.
- (15) Interest on this loan includes a payment-in-kind ("PIK") provision. Contractual PIK interest, which represents contractually deferred interest added to the loan balance that is generally collected through amortization, is recorded on an accrual basis to the extent such amounts are expected to be collected.

(Ûnaudited)

- (16) Convertible notes represent investments through which the Company will participate in future equity rounds at preferential rates. There are no principal or interest payments made against the note unless conversion does not occur.
- (17) Preferred stock represents investments through which the Company will have preference in liquidation rights and do not contain any cumulative preferred dividends.
- (18) Investment is on non-accrual status as of September 30, 2024 and is therefore considered non-income producing.
- $^{(19)}$ EPT 16 LLC owns an additional portion of this security. See "Note 12 Related Party Transactions" for further discussion.
- (20) Investment has an unfunded commitment as of September 30, 2024 (see "Note 6 Commitments and Contingencies"). The fair value of the investment includes the impact of the fair value of any unfunded commitments.
- (21) This investment is deemed to be a "Control Investment" or an "Affiliate Investment." The Company classifies its investment portfolio in accordance with the requirements of the 1940 Act. The 1940 Act defines Control Investments as investments in companies in which the Company owns beneficially, either directly or indirectly, more than 25% of the voting securities, or maintains greater than 50% of the board representation. Affiliate Investments are defined by the 1940 Act as investments in companies in which the Company owns beneficially, either directly or indirectly, between 5% and 25% (inclusive) of the voting securities and does not have rights to maintain greater than 50% of the board representation. Fair value as of September 30, 2024, along with transactions during the nine months ended September 30, 2024 in these control and affiliate investments are as follows:

^{**} Where appropriate, certain current year industry classifications may have been revised to more precisely reflect the business of the Company's investments.

⁽¹⁾All portfolio companies are located in North America or Europe. As of December 31, 2023, Trinity Capital Inc. (the "Company") had four foreign domiciled portfolio companies, two of which are based in Canada and two of which are based in Europe. In total, these foreign domiciled portfolio investments represent 5.5% of total net asset value based on fair value. The Company generally acquires its investments in private transactions exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"). These investments are generally subject to certain limitations on resale and may be deemed to be "restricted securities" under the Securities Act.

⁽²⁾ All debt investments are income producing unless otherwise noted. All equity and warrant investments are non-income producing unless otherwise noted. Equipment financed under our equipment financing investments relates to operational equipment essential to revenue production for the portfolio company in the industry noted.

⁽³⁾ Investment date represents the date of initial investment date, either purchases or funding, not adjusted for modifications. For assets purchased from the Legacy Funds as part of the Formation Transactions (both terms

TRINITY CAPITAL INC.

Consolidated Schedule of Investments December 31, 2023

(In thousands, except share and per share data)

as defined in "Note 1 - Organization and Basis of Presentation"), the investment date is January 16, 2020, the date of the Formation Transactions.

- (4) Interest rate is the fixed or variable rate of the debt investments and does not include any original issue discount, end-of-term ("EOT") payment, or additional fees related to such investments, such as deferred interest, commitment fees, prepayment fees or exit fees. EOT payments are contractual payments due in cash at the maturity date of the loan, including upon prepayment, and are a fixed rate determined at the inception of the loan. At the end of the term of certain equipment financings, the borrower has the option to purchase the underlying assets at fair value, generally subject to a cap, or return the equipment and pay a restocking fee. The fair values of the financed assets have been estimated as a percentage of original cost for purpose of the EOT payment value. The EOT payment is amortized and recognized as non-cash income over the term of the loan or equipment financing prior to its payment and is included as a component of the cost basis of the Company's current debt securities.
- (5) Principal is net of repayments, if any, as per the terms of the debt instrument's contract.
- (6) Except as noted, all investments were valued at fair value as determined in good faith by the Company's Board of Directors (the "Board") using Level 3 inputs.
- (7) Asset is valued at fair value as determined in good faith by the Company's Board using Level 1 and Level 2 inputs.
- (8) The interest rate on variable interest rate investments represents a benchmark rate plus spread. The benchmark interest rate is subject to an interest rate floor. The Prime Rate was 8.5% and the Secured Overnight Financing Rate ("SOFR") 30 Day Forward Rate was 5.35% as of December 31, 2023.
- (9) Senior Credit Corp 2022 LLC owns an additional portion of this security. See "Note 12 Related Party Transactions" for further discussion.
- (10) Indicates a "non-qualifying asset" under section 55(a) of the Investment Company Act of 1940, as amended (the "1940 Act"). The Company's percentage of non-qualifying assets at fair value represents 12.8% of the Company's total assets as of December 31, 2023. Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets.
- (11) Investment has zero cost basis as it was purchased at a fair value of zero as part of the Formation Transactions (as defined in "Note 1 Organization and Basis of Presentation").
- (12) Investment is a secured loan warehouse facility collateralized by interest in specific assets that meet the eligibility requirements under the facility during the warehouse period. Repayment of the facility will occur over the amortizing period unless otherwise prepaid.
- (13) Company has been issued warrants with pricing and number of shares dependent upon a future round of equity issuance by the portfolio company.
- (14) Investment is not pledged as collateral supporting amounts outstanding under the Company's credit facility with KeyBank, National Association (the "KeyBank Credit Facility"). See "Note 5 Borrowings" for more information.
- (15) Interest on this loan includes a payment-in-kind ("PIK") provision. Contractual PIK interest, which represents contractually deferred interest added to the loan balance that is generally collected through amortization, is recorded on an accrual basis to the extent such amounts are expected to be collected.
- (16)Convertible notes represent investments through which the Company will participate in future equity rounds at preferential rates. There are no principal or interest payments made against the note unless conversion does not occur.
- (17) Preferred stock represents investments through which the Company will have preference in liquidation rights and do not contain any cumulative preferred dividends.
- (18) Investment is on non-accrual status as of December 31, 2023, and is therefore considered non-income producing.
- (19) All of the Company's debt securities are pledged as collateral supporting the amounts outstanding under the KeyBank Credit Facility (see "Note 5 Borrowings"), except as noted.

TRINITY CAPITAL INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 1. Organization and Basis of Presentation

Trinity Capital Inc. ("Trinity Capital" and, together with its subsidiaries, the "Company") is a specialty lending company focused on providing debt, including loans and equipment financings, to growth-stage companies, including venture-backed companies and companies with institutional equity investors. Trinity Capital was formed on August 12, 2019 as a Maryland corporation and commenced operations on January 16, 2020. Prior to January 16, 2020, Trinity Capital had no operations, except for matters relating to its formation and organization as a business development company ("BDC").

Trinity Capital is an internally managed, closed-end, non-diversified management investment company that has elected to be regulated as a BDC under the Investment Company Act of 1940, as amended (the "1940 Act"). Trinity Capital has elected to be treated, currently qualifies, and intends to continue to qualify annually as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), for U.S. federal income tax purposes.

On September 27, 2019, Trinity Capital was initially capitalized with the issuance of 10 shares of its common stock for \$150 to its sole stockholder.

On January 16, 2020, Trinity Capital completed a private offering of shares of its common stock (the "Private Common Stock Offering") pursuant to which it issued and sold 8,333,333 shares of its common stock for total aggregate gross proceeds of approximately \$125.0 million, inclusive of an over-allotment option that was exercised in full on January 29, 2020.

Concurrent with the initial closing of the Private Common Stock Offering, the Company completed a private debt offering (the "144A Note Offering" and together with the Private Common Stock Offering, the "Private Offerings"), pursuant to which it issued and sold \$125.0 million in aggregate principal amount of the Company's unsecured 7.00% Notes due 2025 (the "2025 Notes"), inclusive of the over-allotment option that was exercised in full on January 29, 2020.

On January 16, 2020, Trinity Capital completed a series of transactions, the Private Offerings, and the acquisition of Trinity Capital Investment, LLC, Trinity Capital Fund II, L.P. ("Fund II"), Trinity Capital Fund III, L.P., Trinity Capital Fund IV, L.P., and Trinity Sidecar Income Fund, L.P. (collectively, the "Legacy Funds") through mergers of the Legacy Funds with and into Trinity Capital as well as Trinity Capital's acquisition of Trinity Capital Holdings, LLC ("Trinity Capital Holdings") (collectively, the "Formation Transactions").

Trinity Capital's common stock began trading on the Nasdaq Global Select Market on January 29, 2021, under the symbol "TRIN" in connection with its initial public offering of shares of its common stock ("IPO").

On December 5, 2022, the Company entered into a joint venture agreement with certain funds and accounts managed by a specialty credit manager to co-manage Senior Credit Corp 2022 LLC (the "JV"), a Delaware limited liability company. The JV invests in secured loans and equipment financings to growth-stage companies that have been originated by the Company. Refer to "Note 12 – Related Party Transactions" for additional information.

On March 16, 2023, the Company formed an unconsolidated wholly owned subsidiary, Trinity Capital Adviser LLC ("Adviser Sub"), a Delaware limited liability company. The Company was granted exemptive relief by the SEC that permits the Company to organize, acquire, wholly own and operate the Adviser Sub as an investment adviser registered under the Investment Advisers Act of 1940, as amended (the "Adviser Act"). The Adviser Sub may provide investment advisory and related services to one or more investment vehicles (the "Adviser Funds") with ownership by one or more unrelated third-party investors and receive fee income for such services. Refer to "Note 12 – Related Party Transactions" for additional information.

On June 28, 2024, the Company and a specialty credit manager funded a portion of their respective capital commitments to commence operations of a credit fund, EPT 16 LLC ("EPT 16"), a Delaware limited liability company. EPT 16 has acquired and intends to acquire, hold and, as applicable, dispose of investments that have been originated by the Company. Refer to "Note 12 – Related Party Transactions" for additional information.

Basis of Presentation

The Company's interim consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6, 10 and 12 of Regulation S-X. Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with GAAP are omitted. In the opinion of management, the unaudited financial results included herein contain all adjustments, consisting solely of normal accruals, considered necessary for the fair statement of the results for the interim period included herein. The current period's consolidated results of operations are not necessarily indicative of results that may be achieved for the year. The interim consolidated financial statements and notes thereto should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2023, as filed with the Securities and Exchange Commission ("SEC") on March 6, 2024. As an investment company, the Company follows accounting and reporting guidance determined by the Financial Accounting Standards Board ("FASB"), in Accounting Standards Codification, as amended ("ASC") 946, Financial Services – Investment Companies ("ASC 946").

Principles of Consolidation

Under ASC 946, the Company is precluded from consolidating portfolio company investments, including those in which it has a controlling interest, unless the portfolio company is another investment company. An exception to this general principle occurs if the Company holds a controlling interest in an operating company that provides all or substantially all of its services directly to the Company or to its portfolio companies. None of the portfolio investments made by the Company qualify for this exception. Therefore, the Company's investment portfolio is carried on the Consolidated Statements of Assets and Liabilities at fair value, as discussed further in "Note 3 - Investments," with any adjustments to fair value recognized as "Net change in unrealized appreciation/(depreciation) from investments" on the Consolidated Statements of Operations.

The Company's consolidated operations include the activities of its wholly owned subsidiaries, Trinity Funding 1, LLC ("TF1"), and TrinCap Funding, LLC ("TCF"). TF1 was formed on August 14, 2019, as a Delaware limited liability company with Fund II as its sole equity member. On January 16, 2020, in connection with the Formation Transactions, Trinity Capital acquired TF1 through Fund II and became a party to, and assumed, a credit agreement with Credit Suisse AG (the "Credit Suisse Credit Facility") through TF1 which matured on January 8, 2022 in accordance with its terms. TCF was formed on August 5, 2021, as a Delaware limited liability company with Trinity Capital as its sole equity member for purposes of securing lending in conjunction with a credit agreement with KeyBank National Association ("KeyBank") (such credit facility, as amended, the "KeyBank Credit Facility"). TF1 and TCF are special purpose bankruptcy-remote entities and are separate legal entities from Trinity Capital. Any assets conveyed to TF1 or TCF are not available to creditors of the Company or any other entity other than TF1's or TCF's respective lenders. TF1 and TCF are consolidated for financial reporting purposes and in accordance with GAAP, and the portfolio investments held by these subsidiaries, if any, are included in the Company's consolidated financial statements and recorded at fair value. All intercompany balances and transactions have been eliminated. As part of the Formation Transactions, Trinity Capital Holdings since acquisition.

As permitted under Regulation S-X and consistent with the guidance in ASC 946-810-45-3, the Company will generally not consolidate its investment in a company other than an investment company subsidiary or a controlled operating company whose business consists of providing services to the Company. The Company does not consolidate the Adviser Sub because it is not an investment company as defined in ASC 946 and provides investment advisory services exclusively to the Adviser Funds with ownership by one or more unrelated third-party investors ("External Parties"). The Company does not consolidate the JV or EPT 16 as the Company does not hold a majority of the ownership or economic interests of such entities, and the Company's representatives do not comprise

the majority of the board of managers of the JV. Pursuant to ASC 946, the Adviser Sub, JV, and EPT 16 are each accounted for as a portfolio investment of the Company held at fair value and are not included as a consolidated subsidiary in the Company's financial statements. Refer to "Note 12 – Related Party Transactions" for additional information.

In accordance with Rule 10-01(b)(1) of Regulation S-X, as amended, the Company must determine which of its unconsolidated controlled subsidiaries, if any, are considered "significant subsidiaries." In evaluating these unconsolidated controlled subsidiaries, there are two significance tests utilized per Rule 1-02(w) of Regulation S-X to determine if any of the Company's investments or unconsolidated controlled subsidiaries are considered significant: the investment test and the income test. As of September 30, 2024 and December 31, 2023, none of the Company's investments or unconsolidated controlled subsidiaries met either of these two significance tests.

Note 2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. These estimates and assumptions also affect the reported amounts of revenues, costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ materially from these estimates.

Investment Transactions

Loan originations are recorded on the date of the legally binding commitment. Realized gains or losses are recorded using the specific identification method as the difference between the net proceeds received, excluding prepayment fees, if any, and the amortized cost basis of the investment without regard to unrealized gains or losses previously recognized, and include investments written off during the period, net of recoveries. The net change in unrealized gains or losses primarily reflects the change in investment fair values as of the last business day of the reporting period and also includes the reversal of previously recorded unrealized gains or losses with respect to investments realized during the period.

Valuation of Investments

The most significant estimate inherent in the preparation of the Company's consolidated financial statements is the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded.

The Company's investments are carried at fair value in accordance with the 1940 Act and ASC 946 and measured in accordance with ASC 820, Fair Value Measurements and Disclosures ("ASC 820"). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the observability of inputs used to measure fair value, and provides disclosure requirements for fair value measurements. ASC 820 requires the Company to assume that each of the portfolio investments is sold in a hypothetical transaction in the principal or, as applicable, most advantageous market using market participant assumptions of the measurement date. Market participants are defined as buyers and sellers in the principal market that are independent, knowledgeable and willing and able to transact. The Company values its investments at fair value as determined in good faith pursuant to a consistent valuation policy by the Company's Board of Directors (the "Board") in accordance with the provisions of ASC 820 and the 1940 Act.

The SEC adopted Rule 2a-5 under the 1940 Act ("Rule 2a-5"), which establishes a framework for determining fair value in good faith for purposes of the 1940 Act. As adopted, Rule 2a-5 permits boards of directors to designate certain parties to perform fair value determinations, subject to board oversight and certain other conditions. The SEC also adopted Rule 31a-4 under the 1940 Act ("Rule 31a-4"), which provides the recordkeeping requirements associated with fair value determinations. While the Company's Board has not elected to designate a valuation

designee, the Company has adopted certain revisions to its valuation policies and procedures to comply with the applicable requirements of Rule 2a-5 and Rule 31a-4.

While the Board is ultimately and solely responsible for determining the fair value of the Company's investments, the Company has engaged independent valuation firms, on a discretionary basis, to provide the Company with valuation assistance with respect to its investments. Specifically, on a quarterly basis, the Company identifies portfolio investments with respect to which an independent valuation firm assists in valuing such investments. The Company selects these portfolio investments based on a number of factors, including, but not limited to, the potential for material fluctuations in valuation results, size, credit quality and the time lapse since the last valuation of the portfolio investment by an independent valuation firm.

Investments recorded on the Company's Consolidated Statements of Assets and Liabilities are categorized based on the inputs to the valuation techniques as follows:

- Level 1 Investments whose values are based on unadjusted quoted prices for identical assets in an active market that the Company has the ability to access (examples include investments in active exchange-traded equity securities and investments in most U.S. government and agency securities).
- Level 2 Investments whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investment.
- Level 3 Investments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement (for example, investments in illiquid securities issued by privately held companies). These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the investment.

Given the nature of lending to venture capital-backed growth-stage companies, 99.2%, based on fair value, of the Company's investments in these portfolio companies are considered Level 3 assets under ASC 820 because there is no known or accessible market or market index for these investment securities to be traded or exchanged. Transfers between levels, if any, are recognized at the beginning of the period in which the transfers occur. The Company uses an internally developed portfolio investment rating system in connection with its investment oversight, portfolio management and analysis, and investment valuation procedures. This system takes into account both quantitative and qualitative factors of the portfolio companies. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Because of the inherent uncertainty of valuation, these estimated values may differ significantly from the values that would have been reported had a ready market for the investments existed, and it is reasonably possible that the difference could be material.

Debt Securities

The debt securities identified on the Consolidated Schedule of Investments are secured loans and equipment financings made to growth-stage companies. For portfolio investments in debt securities for which the Company has determined that third-party quotes or other independent pricing are not available, the Company generally estimates the fair value based on the assumptions that hypothetical market participants would use to value the investment in a current hypothetical sale using an income approach.

In its application of the income approach to determine the fair value of debt securities, the Company bases its assessment of fair value on projections of the discounted future free cash flows that the security will likely generate, including analyzing the discounted cash flows of interest and principal amounts for the security, as set forth in the associated loan and equipment financing agreements, as well as market yields and the financial position and credit risk of the portfolio company (the "Hypothetical Market Yield Method"). The discount rate applied to the future cash flows of the security is based on the calibrated yield implied by the terms of the Company's investment adjusted for changes in market yields and performance of the subject company. The Company's estimate of the expected repayment date of its loans and equipment financings securities is either the maturity date of the instrument or the anticipated pre-payment date, depending on the facts and circumstances. The Hypothetical Market Yield Method also considers changes in leverage levels, credit quality, portfolio company performance, market yield movements, and other factors. If there is deterioration in credit quality or if a security is in workout status, the Company may consider other factors in determining the fair value of the security, including, but not limited to, the value attributable to the security from the enterprise value of the portfolio company or the proceeds that would most likely be received in a liquidation analysis.

Equity Securities and Warrants

Often the Company is issued warrants by issuers as yield enhancements. These warrants are recorded as assets at estimated fair value on the grant date. The Company determines the cost basis of the warrants or other equity securities received based upon their respective fair values on the date of receipt in proportion to the total fair value of the debt and warrants or other equity securities received. Depending on the facts and circumstances, the Company generally utilizes a combination of one or several forms of the market approach and contingent claim analyses (a form of option analysis) to estimate the fair value of the securities as of the measurement date and determines the cost basis using a relative fair value methodology. As part of its application of the market approach, the Company estimates the enterprise value of a portfolio company utilizing customary pricing multiples, based on the development stage of the underlying issuers, or other appropriate valuation methods, such as considering recent transactions in the equity securities of the portfolio company or third-party valuations that are assessed to be indicative of fair value of the respective portfolio company. If appropriate, based on the facts and circumstances, the Company performs an allocation of the enterprise value to the equity securities utilizing a contingent claim analysis and/or other waterfall calculation by which it allocates the enterprise value across the portfolio company's securities in order of their preference relative to one another.

Fair value estimates are made at discrete points in time based on relevant information. These estimates may be subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. The carrying amounts of the Company's financial instruments, consisting of cash, investments, receivables, payables, and other liabilities, approximate the fair values of such items due to the short-term nature of these instruments. Refer to "Note 4 – Fair Value of Financial Instruments" for further discussion.

Cash and Cash Equivalents

Cash, cash equivalents and restricted cash consist of funds deposited with financial institutions and short-term (original maturity of three months or less) liquid investments in money market deposit accounts. Cash equivalents are classified as Level 1 assets and are valued using the net asset value ("NAV") per share of the money market fund. As of September 30, 2024 and December 31, 2023, cash and cash equivalents consisted of \$8.5 million and \$4.8 million, respectively, of which \$0.9 million and \$3.1 million, respectively, was held in the Goldman Sachs Financial Square Government Institutional Fund with a yield between 3% - 6%. Cash held in demand deposit accounts may exceed the Federal Deposit Insurance Corporation ("FDIC") insured limit and therefore is subject to credit risk. All of the Company's cash deposits are held at large, established, high credit quality financial institutions, and management believes that the risk of loss associated with any uninsured balances is remote. As of September 30, 2024 and December 31, 2023, the Company did not have any restricted cash.

Other Assets

Other assets generally consist of fixed assets net of accumulated depreciation, leasehold improvements net of accumulated depreciation, right-of-use assets, prepaid expenses, escrow receivables, deferred offering costs, and security deposits for operating leases.

Escrow Receivables

Escrow receivables are collected in accordance with the terms and conditions of the escrow agreement. Escrow balances are typically distributed over a period of one year and may accrue interest during the escrow period. Escrow balances are measured for collectability on at least a quarterly basis and fair value is determined based on the amount of the estimated recoverable balances and the contractual maturity date. As of September 30, 2024 and December 31, 2023, there were no material past due escrow receivables. As of September 30, 2024, the Company did not have any escrow receivables. The escrow receivable balance as of December 31, 2023 totaled \$2.4 million and was measured at fair value and held in accordance with ASC 820.

Equity Offering Costs

Equity offering costs consist of fees and costs incurred in connection with the sale of the Company's common stock, including legal, accounting and printing fees. These costs are deferred at the time of incurrence and are subsequently charged as a reduction to capital when the offering takes place or as shares are issued. Equity offering costs are periodically reviewed and expensed if the related registration is no longer active.

Security Deposits

Security deposits are collected upon funding equipment financings and are applied in lieu of regular payments at the end of the term.

Debt Financing Costs

The Company records costs related to the issuance of debt obligations as deferred debt financing costs. These costs are deferred and amortized using the straight-line method over the stated maturity life of the obligations. Debt financing costs related to secured or unsecured notes are netted with the outstanding principal balance on the Company's Consolidated Statements of Assets and Liabilities. Debt financing costs related to the KeyBank Credit Facility are recorded as deferred credit facility costs on the Company's Consolidated Statements of Assets and Liabilities.

Income Recognition

Interest and Dividend Income

The Company recognizes interest income on an accrual basis and recognizes it as earned in accordance with the contractual terms of the loan agreement to the extent that such amounts are expected to be collected. Original issue discount ("OID") initially includes the estimated fair value of detachable warrants obtained in conjunction with the origination of debt securities and is accreted into interest income over the term of the loan as a yield enhancement based on the effective yield method. In addition, the Company may also be entitled to an end-of-term ("EOT") payment. EOT payments to be paid at the termination of the debt agreements are accreted into interest income over the contractual life of the debt based on the effective yield method. When a portfolio company pre-pays their indebtedness prior to the scheduled maturity date, the acceleration of the unaccreted OID and EOT payment is recognized as interest income.

The Company has a limited number of debt investments in its portfolio that contain a payment-in-kind ("PIK") provision. Contractual PIK interest, which represents contractually deferred interest added to the loan balance that is generally due at the end of the loan term, is generally recorded on an accrual basis to the extent such amounts are expected to be collected. The Company will generally cease accruing PIK interest if there is insufficient value to support the accrual or management does not expect the portfolio company to be able to pay all principal and interest due. During the three and nine months ended September 30, 2024, the Company recorded \$1.6 million and \$7.4 million, respectively, in PIK interest income. During the three and nine months ended September 30, 2023, the Company recorded \$2.1 million and \$5.4 million, respectively, in PIK interest income.

Income related to application or origination payments, including facility commitment fees, net of related expenses and generally collected in advance, is amortized into interest income over the contractual life of the loan.

The Company recognizes nonrecurring fees and additional OID and EOT payment received in consideration for contract modifications commencing in the quarter relating to the specific modification.

The Company records dividend income on an accrual basis to the extent amounts are expected to be collected. Dividend income is recorded when dividends are declared by the portfolio company or at such other time that an obligation exists for the portfolio company to make a distribution. During the three and nine months ended September 30, 2024, the Company recorded \$0.5 million and \$1.0 million, respectively, in dividend income. During the three and nine months ended September 30, 2023, the Company recorded \$0.1 million and \$0.1 million, respectively, in dividend income.

Fee and Other Income

The Company recognizes one-time fee income, including, but not limited to, structuring fees, prepayment penalties, and exit fees related to a change in ownership of the portfolio company, as other income when earned. These fees are generally earned when the portfolio company enters into an equipment financing arrangement or pays off their outstanding indebtedness prior to the scheduled maturity. In addition, fee income may include fees for originations and administrative agent services rendered by the Company to the JV. Such fees are earned in the period that the services are rendered.

Non-Accrual Policy

When a debt security becomes 90 days or more past due, or if management otherwise does not expect that principal, interest, and other obligations due will be collected in full, the Company will generally place the debt security on non-accrual status and cease recognizing interest income on that debt security until all principal and interest due has been paid or the Company believes the borrower has demonstrated the ability to repay its current and future contractual obligations. Any uncollected interest is reversed from income in the period that collection of the interest receivable is determined to be doubtful. However, the Company may make exceptions to this policy if the investment has sufficient collateral value and is in the process of collection.

As of September 30, 2024, loans to three portfolio companies and equipment financings to two portfolio company were on non-accrual status, with a total cost of approximately \$47.2 million, and a total fair value of approximately \$22.2 million, or 1.4%, of the fair value of the Company's debt investment portfolio. As of December 31, 2023, loans to three portfolio companies and equipment financings to two portfolio companies were on non-accrual status, with a total cost of approximately \$60.8 million, and a total fair value of approximately \$43.2 million, or 3.5%, of the fair value of the Company's debt investment portfolio.

Net Realized Gains / (Losses)

Realized gains / (losses) are measured by the difference between the net proceeds from the sale or redemption of an investment or a financial instrument and the cost basis of the investment or financial instrument, without regard to unrealized appreciation or depreciation previously recognized, and includes investments written off during the period net of recoveries and realized gains or losses from in-kind redemptions. Net proceeds exclude any prepayment penalties, exit fees, and OID and EOT acceleration. Prepayment penalties and exit fees received at the time of sale or redemption are included in fee income on the Consolidated Statements of Operations. OID and EOT acceleration is included in interest income on the Consolidated Statements of Operations.

Net Change in Unrealized Appreciation / (Depreciation)

Net change in unrealized appreciation / (depreciation) reflects the net change in the fair value of the investment portfolio and financial instruments and the reclassification of any prior period unrealized appreciation or depreciation on exited investments and financial instruments to realized gains or losses.

Stock-Based Compensation

The Company has issued and may, from time to time, issue restricted stock to its officers and employees under the 2019 Trinity Capital Inc. Long Term Incentive Plan and to its non-employee directors under the Trinity Capital Inc. 2019 Non-Employee Director Restricted Stock Plan. The Company accounts for its stock-based compensation plans using the fair value method, as prescribed by ASC 718, Compensation – Stock Compensation. Accordingly, for restricted stock awards, the Company measures the grant date fair value based upon the market price of its common stock on the date of the grant and amortizes the fair value of the awards as stock-based compensation expense over the requisite service period, which is generally the vesting term.

The Company has also adopted Accounting Standards Update ("ASU") 2016-09, Compensation—Stock Compensation: Improvements to Employee Share-Based Payment Accounting, which requires that all excess tax benefits and tax deficiencies (including tax benefits of dividends on stock-based payment awards) be recognized as income tax expense or benefit in the income statement and not delay recognition of a tax benefit until the tax benefit is realized through a reduction to taxes payable. Accordingly, the tax effects of exercised or vested awards are treated as discrete items in the reporting period in which they occur. Additionally, the Company has elected to account for forfeitures as they occur.

Earnings Per Share

The Company's earnings per share ("EPS") amounts have been computed based on the weighted-average number of shares of common stock outstanding for the period. Basic earnings per share is computed by dividing net increase (decrease) in net assets resulting from operations by the weighted-average number of common shares outstanding for the period. In accordance with ASC 260, Earnings Per Share, the unvested shares of restricted stock awarded pursuant to Trinity Capital's equity compensation plans are participating securities and, therefore, are included in the basic earnings per share calculation. Diluted EPS is computed by dividing net increase (decrease) in net assets resulting from operations by the weighted average number of shares of common stock assuming all potential shares had been issued and the additional shares of common stock were dilutive. Diluted EPS, if any, reflects the potential dilution from the assumed conversion of the Company's 6.00% Convertible Notes due 2025 (the "Convertible Notes").

Income Taxes

The Company has elected to be treated, currently qualifies, and intends to continue to qualify annually as a RIC under Subchapter M of the Code for U.S. federal tax purposes. In order to maintain its treatment as a RIC, the Company is generally required to distribute at least annually to its stockholders at least the sum of 90% of its investment company taxable income (which generally includes its net ordinary taxable income and realized net short-term capital gains in excess of realized net long-term capital losses) and 90% of its net tax-exempt income (if any). The Company generally will not be subject to U.S. federal income tax on these distributed amounts but will pay U.S. federal income tax at corporate rates on any retained amounts.

The Company evaluates tax positions taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" to be sustained by the applicable tax authority in accordance with ASC 740, *Income Taxes* ("ASC 740"), as modified by ASC 946. Tax benefits of positions not deemed to meet the more-likely-than-not threshold, or uncertain tax positions, would be recorded as tax expense in the current year. It is the Company's policy to recognize accrued interest and penalties related to uncertain tax benefits in income tax expense. The Company has no material uncertain tax positions as of September 30, 2024 and December 31, 2023. All the Company's tax returns remain subject to examination by U.S. federal and state tax authorities.

Based on federal excise distribution requirements applicable to RICs, the Company will be subject to a 4% nondeductible federal excise tax on undistributed taxable income and gains unless the Company distributes in a timely manner an amount at least equal to the sum of (1) 98% of its ordinary income for each calendar year, (2) 98.2% of capital gain net income (both long-term and short-term) for the one-year period ending October 31 in that calendar year and (3) any income or gain realized, but not distributed, in the preceding years. For this purpose, however, any ordinary income or capital gain net income retained by the Company and on which the Company paid corporate income tax is considered to have been distributed. The Company, at its discretion, may determine to carry

forward taxable income or gain and pay a 4% excise tax on the amount by which it falls short of this calendar-year distribution requirement. If the Company chooses to do so, this generally will increase expenses and reduce the amount available to be distributed to stockholders. The Company will accrue excise tax on estimated undistributed taxable income and capital gains as required on an annual basis.

Distributions

Distributions to common stockholders are recorded on the record date. The amount of taxable income to be paid out as a distribution is determined by the Board each quarter and is generally based upon the earnings estimated by management. Capital gains, if any, are distributed at least annually, although the Company may decide to retain all or some of those capital gains for investment and pay U.S. federal income tax at corporate rates on those retained amounts. If the Company chooses to do so, this generally will increase expenses and reduce the amount available to be distributed to stockholders.

Note 3. Investments

The Company provides debt, including loans and equipment financings, to growth-stage companies, including venture capital-backed companies and companies with institutional equity investors, primarily in the United States. The Company's investment strategy includes making investments consisting primarily of term loans and equipment financings, and, to a lesser extent, working capital loans, equity, and equity-related investments. In addition, the Company may obtain warrants or contingent exit fees at funding from many of its portfolio companies.

Debt Securities

The Company's debt securities primarily consist of direct investments in interest-bearing secured loans and equipment financings to privately held companies based in the United States. Secured loans are generally secured by a blanket first lien or a blanket second lien on the assets of the portfolio company. Equipment financings typically include a specific asset lien on mission-critical assets as well as a second lien on the assets of the portfolio company. These debt securities typically have a term of between three and five years from the original investment date. Certain of the debt securities are "covenant-lite" loans, which generally are loans that do not have a complete set of financial maintenance covenants and have covenants that are incurrence-based, meaning they are only tested and can only be breached following an affirmative action of the borrower rather than by a deterioration in the borrower's financial condition. The equipment financings in the investment portfolio generally have fixed interest rates. The secured loans in the investment portfolio generally have floating interest rates subject to interest rate floors. Both equipment financings and secured loans generally include an EOT payment.

The specific terms of each debt security vary depending on the creditworthiness of the portfolio company and the projected value of the financed assets. Companies with stronger creditworthiness may receive an initial period of lower financing factor, which is analogous to an interest-only period on a traditional term loan. Equipment financings may include upfront interim payments and security deposits. Equipment financing arrangements have various structural protections, including customary default penalties, information and reporting rights, material adverse change or investor abandonment provisions, consent rights for any additions or changes to senior debt, and, as needed, intercreditor agreements with cross-default provisions to protect the Company's second lien positions.

Warrant Investments

In connection with the Company's debt investments, the Company may receive warrants in the portfolio company. Warrants received in connection with a debt investment typically include a potentially discounted contract price to exercise, and thus, as a portfolio company appreciates in value, the Company may achieve additional investment return from this equity interest. The warrants typically contain provisions that protect the Company as a minority-interest holder, as well as secured or unsecured put rights, or rights to sell such securities back to the portfolio company, upon the occurrence of specified events. In certain cases, the Company may also obtain follow-up rights in connection with these equity interests, which allow the Company to participate in future financing rounds.

Equity Investments

In specific circumstances, the Company may seek to make direct equity investments in situations where it is appropriate to align the interests of the Company with key management and stockholders of the portfolio company, and to allow for participation in the appreciation in the equity values of the portfolio company. These equity investments are generally made in connection with debt investments. The Company seeks to maintain fully diluted equity positions in its portfolio companies of 5% to 50% and may have controlling equity interests in some instances.

The Company's portfolio investments are in companies conducting business in a variety of industries. Industry classifications have been updated to a preferred presentation and the prior year has been amended to conform with the new preferred presentation. Certain Risk Factors

In the ordinary course of business, the Company manages a variety of risks, including market risk, credit risk and liquidity risk. The Company identifies, measures and monitors risk through various control mechanisms, including investment limits and diversifying exposures and activities across a variety of instruments, markets and counterparties.

Market risk is the risk of potential adverse changes to the value of financial instruments because of changes in market conditions, including as a result of changes in the credit quality of a particular issuer, credit spreads, interest rates, and other movements and volatility in security prices or commodities. In particular, the Company may invest in issuers that are experiencing or have experienced financial or business difficulties (including difficulties resulting from the initiation or prospect of significant litigation or bankruptcy proceedings), which involves significant risks. The Company manages its exposure to market risk through the use of risk management strategies and various analytical monitoring techniques.

The Company's investments are generally comprised of securities and other financial instruments or obligations that are illiquid or thinly traded, making purchase or sale of such securities and financial instruments at desired prices or in desired quantities difficult. Furthermore, the sale of any such investments may be possible only at substantial discounts, and it may be extremely difficult to value any such investments accurately.

The Company's investments consist of growth-stage companies, many of which have relatively limited operating histories and may experience variation in operating results. Many of these companies conduct business in regulated industries and could be affected by changes in government regulations. Most of the Company's borrowers will need additional capital to satisfy their continuing working capital needs and other requirements, and in many instances, to service the interest and principal payments on the debt.

Note 4. Fair Value of Financial Instruments

ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the observability of inputs used to measure fair value, and provides disclosure requirements for fair value measurements. The Company accounts for its investments at fair value in accordance with ASC 820. As of September 30, 2024 and December 31, 2023, the Company's portfolio investments consisted primarily of investments in secured loans and equipment financings. The fair value amounts have been measured as of the reporting date and have not been reevaluated or updated for purposes of these financial statements subsequent to that date. As such, the fair values of these financial instruments subsequent to the reporting date may be different than amounts reported.

In accordance with ASC 820, the Company has categorized its investments based on the priority of the inputs to the valuation technique into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical investments (Level 1) and the lowest priority to unobservable inputs (Level 3). See "Note 2 – Summary of Significant Accounting Policies."

As required by ASC 820, when the inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement in its entirety. For example, a Level 3 fair value measurement may include inputs that are observable (Levels 1 and 2) and unobservable (Level 3). Therefore, unrealized appreciation and depreciation related to such investments categorized within the Level 3 tables below may include changes in fair value that are attributable to both observable inputs (Levels 1 and 2) and unobservable inputs (Level 3).

The fair value determination of each portfolio investment categorized as Level 3 requires one or more of the following unobservable inputs:

- •Financial information obtained from each portfolio company, including unaudited statements of operations and balance sheets for the most recent period available as compared to budgeted numbers;
- •Current and projected financial condition of the portfolio company;
- •Current and projected ability of the portfolio company to service its debt obligations;
- •Type and amount of collateral, if any, underlying the investment;
- •Current financial ratios (e.g., fixed charge coverage ratio, interest coverage ratio and net debt/EBITDA ratio) applicable to the investment;
- •Current liquidity of the investment and related financial ratios (e.g., current ratio and quick ratio);
- •Pending debt or capital restructuring of the portfolio company;
- $\bullet \mbox{Projected operating results of the portfolio company}; \\$
- •Current information regarding any offers to purchase the investment;
- •Current ability of the portfolio company to raise any additional financing as needed;

- •Changes in the economic environment, which may have a material impact on the operating results of the portfolio company;
- •Internal occurrences that may have an impact (both positive and negative) on the operating performance of the portfolio company;
- •Qualitative assessment of key management;
- •Contractual rights, obligations or restrictions associated with the investment; and
- •Time to exit.

The use of significant unobservable inputs creates uncertainty in the measurement of fair value as of the reporting date. The significant unobservable inputs used in the fair value measurement of the Company's investments, are (i) earnings before interest, tax, depreciation, and amortization ("EBITDA") and revenue multiples (both projected and historic), and (ii) volatility assumptions. Significant increases (decreases) in EBITDA and revenue multiple inputs in isolation would result in a significantly higher (lower) fair value measurement. Similarly, significant increases (decreases) in volatility inputs in isolation would result in a significantly higher (lower) fair value assessment. Conversely, significant increases (decreases) in weighted average cost of capital inputs in isolation would result in a significantly lower (higher) fair value measurement. However, due to the nature of certain investments, fair value measurements may be based on other criteria, such as third-party appraisals of collateral and fair values as determined by independent third parties, which are not presented in the tables below.

The Company's assets measured at fair value by investment type on a recurring basis as of September 30, 2024 were as follows (in thousands):

⁽¹⁾ In accordance with ASC 820, the Company's equity investments in Senior Credit Corp 2022 LLC and EPT 16 LLC are measured using the net asset value per share (or its equivalent) as a practical expedient for fair value, and thus has not been classified in the fair value hierarchy.

The methodology for determining the fair value of the Company's investments is discussed in "Note 2 – Summary of Significant Accounting Policies". The significant unobservable input used in the fair value measurement of the Company's escrow receivables is the amount recoverable at the contractual maturity date of the escrow receivable. ⁽¹⁾ The significant unobservable inputs used in the fair value measurement of the Company's debt securities are hypothetical market yields and premiums/(discounts). The hypothetical market yield is defined as the exit price of an investment in a hypothetical market to hypothetical market participants where buyers and sellers are willing participants. Additional inputs used in the option pricing model ("OPM") include industry volatility, risk free interest rate and estimated time to exit. Significant increases (decreases) in the inputs in isolation would result in a significantly higher (lower) fair value measurement, depending on the materiality of the investment. For some investments, additional consideration may be given to data from the last round of financing, merger or acquisition events near the measurement date.

⁽²⁾ Weighted averages are calculated based on the fair value of each investment.

6.00% Convertible Notes due 2025

On December 11, 2020, the Company completed a private offering (the "Private Convertible Note Offering") of \$50.0 million in aggregate principal amount of its unsecured Convertible Notes in reliance upon the available exemptions from the registration requirements of the Securities Act. KBW acted as the initial purchaser and placement agent in connection with the Private Convertible Note Offering pursuant to a purchase/placement agreement dated December 4, 2020, by and between the Company and KBW.

The Convertible Notes were issued pursuant to the Base Indenture and a Second Supplemental Indenture, dated as of December 11, 2020 (the "Second Supplemental Indenture" and together with the Base Indenture, the "Convertible Notes Indenture"), between the Company and the Trustee. Concurrent with the closing of the Convertible Note Offering, on December 11, 2020, the Company entered into a registration rights agreement for the benefit of the holders of the Convertible Notes and the shares of common stock issuable upon conversion thereof. Aggregate offering costs in connection with the Convertible Note Offering, including the initial purchaser and placement agent discount and commissions, were approximately \$1.9 million, which were capitalized and deferred.

The Convertible Notes bear interest at a fixed rate of 6.00% per year, subject to additional interest upon certain events, payable semiannually in arrears on May 1 and November 1 of each year, beginning on May 1, 2021. If an investment grade rating is not maintained with respect to the Convertible Notes, additional interest of 0.75% per annum will accrue on the Convertible Notes until such time as the Convertible Notes have received an investment grade rating of "BBB-" (or its equivalent) or better. The rating remained at investment grade as of September 30, 2024. The Convertible Notes mature on December 11, 2025 (the "Convertible Notes Maturity Date"), unless earlier converted or repurchased in accordance with their terms.

Holders may convert their Convertible Notes, at their option, at any time on or prior to the close of business on the business day immediately preceding the Convertible Notes Maturity Date. The conversion rate was initially 66.6667 shares of the Company's common stock, per \$1,000 principal amount of the Convertible Notes (equivalent to an initial conversion price of approximately \$15.00 per share of common stock). Effective immediately after the close of business on September 30, 2024, the conversion rate changed to 80.4623 shares of the Company's common stock, per \$1,000 principal amount of the Convertible Notes (equivalent to a conversion price of approximately \$12.43 per share of common stock) as a result of a certain cash dividend of the Company. The conversion rate will be subject to adjustment in some events but will not be adjusted for any accrued and unpaid interest. In addition, following certain corporate events, further described in the Convertible Note Indenture, that occur prior to the Convertible Notes Maturity Date, the Company will increase the conversion rate for a holder who elects to convert its Convertible Notes in connection with such a corporate event in certain circumstances. Upon conversion of the Convertible Notes, the Company will pay or deliver, as the case may be, cash, shares of common stock, or a combination of cash and shares of common stock, at the Company's election, per \$1,000 principal amount of the Convertible Notes, equal to the then existing conversion rate.

At the Company's option, it may cause holders to convert all or a portion of the then outstanding principal amount of the Convertible Notes plus accrued but unpaid interest, at any time on or prior to the close of business on the business day immediately preceding the Convertible Notes Maturity Date, if the closing sale price of the Company's common stock for any 30 consecutive trading days exceeds 120% of the conversion price, as may be adjusted. Upon such conversion, the Company will pay or deliver, as the case may be, cash, shares of common stock, or a combination of cash and shares of common stock, at the Company's election, per \$1,000 principal amount of the Convertible Notes, equal to the then existing conversion rate, and a forced conversion make-whole payment (as defined in the Second Supplemental Indenture), if any, in cash. Otherwise, the Company may not redeem the Convertible Notes at its option prior to maturity.

In addition, if the Company undergoes a fundamental change (as defined in the Second Supplemental Indenture), holders may require the Company to repurchase for cash all or part of such holders' Convertible Notes at a repurchase price equal to 100% of the principal amount of the Convertible Notes to be repurchased, plus accrued and unpaid interest to, but excluding, the fundamental change repurchase date.

The Convertible Notes are direct unsecured obligations of the Company and rank pari passu, or equal in right of payment, with all of the Company's existing and future unsecured indebtedness or other obligations that are not so subordinated, and senior in right of payment to all of the Company's future indebtedness or other obligations that are expressly subordinated, or junior, in right of payment to the Convertible Notes.

Note 6. Commitments and Contingencies

Unfunded Commitments

The Company's commitments and contingencies consist primarily of unused commitments to extend credit in the form of loans or equipment financings to the Company's portfolio companies. A portion of these unfunded contractual commitments as of September 30, 2024 and December 31, 2023 are generally dependent upon the portfolio company reaching certain milestones before the debt commitment becomes available. Furthermore, the Company's credit agreements contain customary lending provisions that allow the Company relief from funding obligations for previously made commitments in instances where the underlying portfolio company experiences materially adverse events that affect the financial condition or business outlook for the Company. Since a portion of these commitments may expire without being drawn, unfunded contractual commitments do not necessarily represent future cash requirements. As such, the Company's disclosure of unfunded contractual commitments as of September 30, 2024 and December 31, 2023 includes only those commitments that are available at the request of the portfolio company and are unencumbered by milestones or additional lending provisions.

As of September 30, 2024, the Company had aggregate unfunded commitments of \$25.0 million to one portfolio company, as well as unfunded commitments of \$3.0 million and \$6.0 million for the JV and EPT 16, respectively, which represented the Company's uncalled capital commitments. As of December 31, 2023, the Company had unfunded commitments of \$10.4 million for the JV.

The Company did not have any other off-balance sheet financings or liabilities as of September 30, 2024 or December 31, 2023. The Company will fund its unfunded commitments, if any, from the same sources it uses to fund its investment commitments that are funded at the time they are made (which are typically through existing cash and cash equivalents and borrowings under its KeyBank Credit Facility) and maintains adequate liquidity to fund its unfunded commitments through these sources.

In the normal course of business, the Company enters into contracts that provide a variety of representations and warranties, and general indemnifications. Such contracts include those with certain service providers, brokers and trading counterparties. Any exposure to the Company under these arrangements is unknown as it would involve future claims that may be made against the Company; however, based on the Company's experience, the risk of loss

is remote and no such claims are expected to occur. As such, the Company has not accrued any liability in connection with such indemnifications.

Leases

ASU No. 2016-02, *Leases (Topic 842)* ("ASU 2016-02") requires that a lessee evaluate its leases to determine whether they should be classified as operating or finance leases. The Company identified significant operating leases for its headquarters in Phoenix, AZ and office spaces in San Diego, CA. The lease for the Company's Phoenix headquarters commenced on July 10, 2021, and was most recently amended on September 17, 2024. The lease for Suite 200 in the Company's San Diego office commenced on March 10, 2023, and expires on January 31, 2026. The Company entered into a second lease in San Diego for Suite 203, which commenced on June 1, 2024, and expires on November 14, 2025. As of September 30, 2024, the weighted-average remaining lease term for the operating leases was 6.3 years.

The total lease expense incurred for the three and nine months ended September 30, 2024 was \$0.4 million and \$1.0 million, respectively, and for the three and nine months ended September 30, 2023 was approximately \$0.2 million and \$0.5 million, respectively. As of September 30, 2024 and December 31, 2023, the right of use assets related to the office operating leases were \$5.6 million and \$5.3 million, respectively, and the lease liabilities were \$6.0 million and \$5.4 million, respectively. As of September 30, 2024 and December 31, 2023, the weighted-average discount rate determined for the operating lease liabilities was 8.53% and 8.60%, respectively.

The following table shows future minimum payments under the Company's operating leases as of September 30, 2024 (in thousands):

Distribution Reinvestment Plan

The Company's amended and restated distribution reinvestment plan ("DRIP") provides for the reinvestment of distributions in the form of common stock on behalf of its stockholders, unless a stockholder has elected to receive distributions in cash. As a result, if the Company declares a cash distribution, its stockholders who have not "opted out" of the DRIP by the opt out date will have their cash distribution automatically reinvested into additional shares of the Company's common stock. The share requirements of the DRIP may be satisfied through the issuance of common shares or through open market purchases of common shares by the DRIP plan administrator. Newly issued shares will be valued based upon the final closing price of the Company's common stock on the valuation date determined for each distribution by the Board.

The Company's DRIP is administered by its transfer agent on behalf of the Company's record holders and participating brokerage firms. Brokerage firms and other financial intermediaries may decide not to participate in the Company's DRIP but may provide a similar distribution reinvestment plan for their clients. Note 8. Equity Incentive Plans

2019 Long Term Incentive Plan

The Company's Board initially adopted and approved the 2019 Trinity Capital Inc. Long Term Incentive Plan (as amended, the "2019 Long Term Incentive Plan") on October 17, 2019 and the Company's stockholders approved the 2019 Long Term Incentive Plan on June 17, 2021 at the Company's 2021 Annual Meeting of Stockholders, with the 2019 Long Term Incentive Plan becoming effective on June 17, 2021. The Company's Board adopted and approved Amendment No. 1 to the 2019 Trinity Capital Inc. Long-Term Incentive Plan on April 23, 2024 to, among other things, increase the total number of shares available for issuance under the 2019 Long Term Incentive Plan by 5,800,000 shares (from 3,600,000 shares to 9,400,000 shares) and the Company's stockholders approved such amendment on June 12, 2024 at the Company's 2024 Annual Meeting of Stockholders, with such amendment becoming effective on June 12, 2024. Under the 2019 Long Term Incentive Plan, awards of restricted stock, incentive stock options and non-statutory stock options (together with incentive stock options, "Options") may be granted to certain of the Company's executive officers, employee directors and other employees (collectively, the "Employee Participants") in accordance with the SEC exemptive order the Company received on May 27, 2021 (the "SEC Exemptive Order"). While the 2019 Long Term Incentive Plan contemplates grants of restricted stock units, Options, dividend equivalent rights, performance awards and other stock-based awards to the Employee Participants, the Company only sought and received exemptive relief from the SEC pursuant to the SEC Exemptive Order to grant awards of restricted stock and Options. As a result, the Company will only grant awards of

such securities under the 2019 Long Term Incentive Plan. The Employee Participants will have the right to receive dividends on such awarded restricted stock, unless and until the restricted stock is forfeited.

Subject to certain adjustments under the 2019 Long Term Incentive Plan, the maximum aggregate number of shares of the Company's common stock authorized for issuance under the 2019 Long Term Incentive Plan is 9,400,000 shares. The 2019 Long Term Incentive Plan is to be administered by the Compensation Committee of the Board (the "Compensation Committee") in accordance with the terms of the 2019 Long Term Incentive Plan. The 2019 Long Term Incentive Plan will terminate on the day prior to the tenth anniversary of the date it was initially adopted by the Board, unless terminated sooner by action of the Board or the Compensation Committee, as applicable.

For additional information regarding the 2019 Long Term Incentive Plan, please refer to the Company's Current Reports on Form 8-K filed with the SEC on June 23, 2021 and June 14, 2024, and the Company's definitive proxy statement filed with the SEC on April 26, 2024. Note 10. Income Taxes

The Company has elected to be treated, currently qualifies, and intends to continue to qualify annually as, a RIC under Subchapter M of the Code for U.S. federal tax purposes. In order to maintain its treatment as a RIC, the Company is generally required to distribute at least annually to its stockholders at least the sum of 90% of its investment company taxable income (which generally includes its net ordinary taxable income and realized net short-term capital gains in excess of realized net long-term capital losses) and 90% of its net tax-exempt income (if any). The Company generally will not be subject to U.S. federal income tax on these distributed amounts, but will pay U.S. federal income tax at corporate rates on any retained amounts.

The amount of taxable income to be paid out as a distribution is determined by the Board each quarter and is generally based upon the annual earnings estimated by management of the Company. Net capital gains, if any, are distributed at least annually, although the Company may decide to retain all or some of those capital gains for investment and pay U.S. federal income tax at corporate rates on those retained amounts. If the Company chooses to do so, this generally will increase expenses and reduce the amount available to be distributed to stockholders. In the event the Company's taxable income (including any net capital gains) for a fiscal year falls below the amount of distributions declared and paid with respect to that year, however, a portion of the total amount of those distributions may be deemed a return of capital for tax purposes to the Company's stockholders.

Because federal income tax regulations differ from GAAP, distributions in accordance with tax regulations may differ from net investment income and realized gains recognized for financial reporting purposes. Differences may be permanent or temporary in nature. Permanent differences are reclassified among capital accounts in the financial statements to reflect their appropriate tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future.

For the three and nine months ended September 30, 2024, \$0.6 million and \$1.9 million, respectively, was recorded for U.S. federal excise tax. For the three and nine months ended September 30, 2023, \$0.6 million and \$1.9 million, respectively, was recorded for U.S. federal excise tax.

The following table sets forth the tax cost basis and the estimated aggregate gross unrealized appreciation and depreciation from investments for federal income tax purposes as of September 30, 2024 and December 31, 2023 (in thousands):

Note 13. Recent Accounting Pronouncements

In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures ("ASU 2023-07"). This change is intended to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses, allowing financial statement users to better understand the components of a segment's profit or loss and assess potential future cash flows for each reportable segment and the entity as a whole. The amendments expand a public entity's segment disclosures by requiring disclosure of significant segment expenses that are regularly provided to the chief operating decision maker ("CODM"), clarifying when an entity may report one or more additional measures to assess segment performance, requiring enhanced interim disclosures and providing new disclosure requirements for entities with a single reportable segment, among other new disclosure requirements. The amendments are effective for fiscal years beginning after December 15, 2024, and

early adoption is permitted. The Company is currently evaluating the impact of adopting this guidance with respect to the consolidated financial statements and disclosures.

Overview

We are a specialty lending company providing debt, including loans and equipment financings, to growth-stage companies, including venture capital-backed companies and companies with institutional equity investors. We are an internally managed, closed-end, non-diversified management investment company that has elected to be regulated as a BDC under the 1940 Act. We have elected to be treated, and intend to qualify annually, as a RIC under Subchapter M of the Code for U.S. federal income tax purposes. As a BDC and a RIC, we are required to comply with certain regulatory requirements.

Our investment objective is to generate current income and, to a lesser extent, capital appreciation through our investments. We seek to achieve our investment objective by making investments consisting primarily of term loans and equipment financings and, to a lesser extent, working capital loans, equity and equity-related investments. In addition, we may obtain warrants or contingent exit fees at funding from many of our portfolio companies, providing an additional potential source of investment returns. We generally are required to invest at least 70% of our total assets in qualifying assets in accordance with the 1940 Act but may invest up to 30% of our total assets in non-qualifying assets, as permitted by the 1940 Act.

We target investments in growth-stage companies, which are typically private companies, including venture-backed companies and companies with institutional equity investors. We define "growth-stage companies" as companies that have significant ownership and active participation by sponsors, such as institutional investors or private equity firms, and expected annual revenues of up to \$100 million. Subject to the requirements of the 1940 Act, we are not limited to investing in any particular industry or geographic area and seek to invest in under-financed segments of the private credit markets.

Our loans generally may have initial interest-only periods of up to 24 months, and our equipment financings generally begin amortizing immediately. Our loans and equipment financings generally have a total term of up to 60 months. These investments are typically secured by a blanket first position lien, a specific asset lien on mission-critical assets and/or a blanket second position lien. We may also make a limited number of direct equity and equity-related investments in conjunction with our debt investments. We target growth-stage companies that have recently issued equity to raise cash to offset potential cash flow needs related to projected growth, have achieved positive cash flow to cover debt service, or have institutional investors committed to providing additional funding. A loan or equipment financing may be structured to tie the amortization of the loan or equipment financing to the portfolio company's projected cash balances while cash is still available for operations. As such, the loan or equipment financing may have a reduced risk of default. We believe that the amortizing nature of our investments will mitigate risk and significantly reduce the risk of our investments over a relatively short period. We focus on protecting and recovering principal in each investment and structure our investments to provide downside protection.

Our History

Trinity Capital Inc. was incorporated under the general corporation laws of the State of Maryland on August 12, 2019 and commenced operations on January 16, 2020. Prior to January 16, 2020, we had no operations, except for matters relating to our formation and organization as a BDC.

On January 16, 2020, through a series of transactions, we acquired Trinity Capital Investment, LLC, Trinity Capital Fund II, L.P., Trinity Capital Fund II, L.P., Trinity Capital Fund IV, L.P., and Trinity Sidecar Income Fund, L.P. (collectively, the "Legacy Funds") and all of their respective assets, including their respective investment portfolios, as well as Trinity Capital Holdings, LLC, a holding company whose subsidiaries managed and/or had the right to receive fees from certain of the Legacy Funds. In order to complete these transactions, we used a portion of the proceeds from our private equity offering and private debt offering that occurred on January 16, 2020.

On February 2, 2021, we completed our initial public offering of 8,006,291 shares of our common stock at a price of \$14.00 per share, inclusive of the underwriters' option to purchase additional shares, which was exercised in full. Our common stock began trading on the Nasdaq Global Select Market on January 29, 2021 under the symbol "TRIN." Proceeds from this offering were primarily used to pay down a portion of our existing indebtedness outstanding.

On December 5, 2022, the Company entered into a joint venture agreement with certain funds and accounts managed by a specialty credit manager to co-manage Senior Credit Corp 2022 LLC, a Delaware limited liability company (the "JV"). The JV invests in secured loans and equipment financings to growth-stage companies that have been originated by the Company.

On March 16, 2023, the Company formed an unconsolidated wholly owned subsidiary, Trinity Capital Adviser LLC, a Delaware limited liability company ("Adviser Sub"). The Company was granted exemptive relief by the SEC that permits the Company to organize, acquire, wholly own and operate the Adviser Sub as an investment adviser registered under the Investment Advisers Act of 1940, as amended (the "Adviser Act"). The Adviser Sub may provide investment advisory and related services to one or more investment vehicles (the "Adviser Funds") with ownership by one or more unrelated third-party investors and receive fee income for such services.

On June 28, 2024, the Company and a specialty credit manager funded a portion of their respective capital commitments to commence operations of a credit fund, EPT 16 LLC, a Delaware limited liability company ("EPT 16"). EPT 16 has acquired and intends to acquire, hold and, as applicable, dispose of investments that have been originated by the Company.

Critical Accounting Estimates and Policies

The preparation of our financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets and any other parameters used in determining such estimates could cause actual results to differ materially. Our critical accounting estimates, including those relating to valuation of investments and income recognition, are described below. Please refer to "Note 2 – Summary of Significant Accounting Policies" in the notes to the consolidated financial statements included in this Quarterly Report on Form 10-Q for a discussion of our significant accounting policies.

Valuation of Investments

The most significant estimate inherent in the preparation of the Company's consolidated financial statements is the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded. The Company's investments are carried at fair value in accordance with the 1940 Act and Accounting Standards Codification ("ASC") 946, Financial Services — Investment Companies ("ASC 946") and measured in accordance with ASC 820, Fair Value Measurements and Disclosures ("ASC 820"). ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the observability of inputs used to measure fair value, and provides disclosure requirements for fair value measurements. ASC 820 requires the Company to assume that each of the portfolio investments is sold in a hypothetical transaction in the

principal or, as applicable, most advantageous market using market participant assumptions as of the measurement date. Market participants are defined as buyers and sellers in the principal market that are independent, knowledgeable and willing and able to transact. The Company values its investments at fair value as determined in good faith by the Company's Board of Directors (the "Board") in accordance with the provisions of ASC 820 and the 1940 Act.

The SEC adopted Rule 2a-5 under the 1940 Act ("Rule 2a-5"), which establishes a framework for determining fair value in good faith for purposes of the 1940 Act. As adopted, Rule 2a-5 permits boards of directors to designate certain parties to perform fair value determinations, subject to board oversight and certain other conditions. The SEC also adopted Rule 31a-4 under the 1940 Act ("Rule 31a-4"), which provides the recordkeeping requirements associated with fair value determinations. While the Company's Board has not elected to designate a valuation designee, the Company has adopted certain revisions to its valuation policies and procedures to comply with the applicable requirements of Rule 2a-5 and Rule 31a-4.

While the Board is ultimately and solely responsible for determining the fair value of the Company's investments, the Company has engaged independent valuation firms to provide the Company with valuation assistance with respect to its investments. The Company engages independent valuation firms on a discretionary basis. Specifically, on a quarterly basis, the Company identifies portfolio investments with respect to which an independent valuation firm assists in valuing certain investments. The Company selects these portfolio investments based on a number of factors, including, but not limited to, the potential for material fluctuations in valuation results, size, credit quality and the time lapse since the last valuation of the portfolio investment by an independent valuation firm.

Investments recorded on our Consolidated Statements of Assets and Liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 — Investments whose values are based on unadjusted quoted prices for identical assets in an active market that the Company has the ability to access (examples include investments in active exchange-traded equity securities and investments in most U.S. government and agency securities).

Level 2 — Investments whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investment.

Level 3 — Investments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement (for example, investments in illiquid securities issued by privately held companies). These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the investment.

Given the nature of lending to venture capital-backed growth-stage companies, substantially all of the Company's investments in these portfolio companies are considered Level 3 assets under ASC 820 because there is no known or accessible market or market indexes for these investment securities to be traded or exchanged. The Company uses an internally developed portfolio investment rating system in connection with its investment oversight, portfolio management and analysis and investment valuation procedures. This system takes into account both quantitative and qualitative factors of the portfolio companies. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Because of the inherent uncertainty of valuation, these estimated values may differ significantly from the values that would have been reported had a ready market for the investments existed, and it is reasonably possible that the difference could be material.

Fair value estimates are made at discrete points in time based on relevant information. These estimates may be subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. The carrying amounts of the Company's financial instruments, consisting of cash, investments, receivables, payables and other liabilities approximate the fair values of such items due to the short-term nature of these instruments.

Income Recognition

The Company recognizes interest income on an accrual basis and recognizes it as earned in accordance with the contractual terms of the loan agreement to the extent that such amounts are expected to be collected. Original issue discount ("OID") initially includes the estimated fair value of detachable warrants obtained in conjunction with the origination of debt securities, and is accreted into interest income over the term of the loan as a yield enhancement based on the effective yield method. Interest income from payment-in-kind ("PIK") represents contractually deferred interest added to the loan balance recorded on an accrual basis to the extent such amounts are expected to be collected.

In addition, the Company may also be entitled to an end-of-term ("EOT") payment. EOT payments to be paid at the termination of the debt agreement are accreted into interest income over the contractual life of the debt based on the effective yield method. When a portfolio company pre-pays their indebtedness prior to the scheduled maturity date, the acceleration of the unaccreted OID and EOT is recognized as interest income.

Income related to application or origination payments, including facility commitment fees, net of related expenses and generally collected in advance, are accreted into interest income over the contractual life of the loan. The Company recognizes nonrecurring fees and additional OID and EOT received in consideration for contract modifications commencing in the quarter relating to the specific modification.

The Company records dividend income on an accrual basis to the extent amounts are expected to be collected. Dividend income is recorded when dividends are declared by the portfolio company or at such other time that an obligation exists for the portfolio company to make a distribution. During three and nine months ended September 30, 2024, the Company recorded \$0.5 million and \$1.0 million, respectively, in dividend income. During the three and nine months ended September 30, 2023, the Company recorded \$0.1 million and \$0.1 million, respectively, in dividend income.

The Company recognizes one-time fee income, including, but not limited to, structuring fees, prepayment penalties, and exit fees related to a change in ownership of the portfolio company, as other income when earned. These fees are generally earned when the portfolio company enters into an equipment financing arrangement or pays off their outstanding indebtedness prior to the scheduled maturity. In addition, fee income may include fees for originations and administrative agent services rendered by the Company to the JV. Such fees are earned in the period that the services are rendered.

As of September 30, 2024 and December 31, 2023, the Company had six and four portfolio companies, respectively, that represented 5% or more of the Company's net assets.

Portfolio Asset Quality

Our portfolio management team uses an ongoing investment risk rating system to characterize and monitor our outstanding loans and equipment financings. Our portfolio management team monitors and, when appropriate, recommends changes to the investment risk ratings. Our investment committee reviews the recommendations and/or changes to the investment risk ratings, which are submitted on a quarterly basis to the Board and its audit committee.

For our investment risk rating system, we review seven different criteria and, based on our review of such criteria, we assign a risk rating on a scale of 1 to 5, as set forth in the following illustration.

Debt Investments on Non-Accrual Status

When a debt security becomes 90 days or more past due, or if our management otherwise does not expect that principal, interest, and other obligations due will be collected in full, we will generally place the debt security on non-accrual status and cease recognizing interest income on that debt security until all principal and interest due has been paid or we believe the borrower has demonstrated the ability to repay its current and future contractual obligations. Any uncollected interest is reversed from income in the period that collection of the interest receivable

is determined to be doubtful. However, we may make exceptions to this policy if the investment has sufficient collateral value and is in the process of collection.

As of September 30, 2024, loans to three portfolio companies and equipment financings to two portfolio company were on non-accrual status with a total cost of approximately \$47.2 million, and a total fair value of approximately \$22.2 million, or 1.4%, of the fair value of the Company's debt investment portfolio. As of December 31, 2023, loans to three portfolio companies and equipment financings to two portfolio companies were on non-accrual status with a total cost of approximately \$60.8 million, and a total fair value of approximately \$43.2 million, or 3.5%, of the fair value of the Company's debt investment portfolio.

Results of Operations

The following discussion and analysis of our results of operations encompasses our consolidated results for the three and nine months ended September 30, 2024 and 2023.

For the three and nine months ended September 30, 2024, total investment income was approximately \$61.8 million and \$166.9 million, respectively, which represents an approximate effective yield of 16.1% and 16.0%, respectively, on the average investments during the year. For the three and nine months ended September 30, 2023, total investment income was approximately \$46.4 and \$134.0 million, respectively, which represents an approximate effective yield of 16.7% and 15.9%, respectively, on the average investments during the year. The increase in investment income for the three and nine months ended September 30, 2024 is due to higher interest income and amortization of OID and EOT based on an increased principal value of income producing debt investments.

Operating Expenses and Excise Taxes

Our operating expenses are comprised of interest and fees on our borrowings, employee compensation, professional fees, general and administrative expenses, and excise taxes. Our operating expenses totaled approximately \$32.4 million and \$23.0 million for the three months ended September 30, 2024 and 2023, respectively, and \$85.6 million and \$69.2 million for the nine months ended September 30, 2024 and 2023, respectively. The increase in our operating expenses for the three and nine months ended September 30, 2024 is discussed with respect to each component of such expenses below.

Interest Expense and Other Debt Financing Costs

Our interest expense and other debt financing costs are primarily comprised of interest and fees related to our secured borrowings, the 7.00% Notes due 2025 (the "2025 Notes"), the 4.375% Notes due 2026 (the "August 2026 Notes"), the 4.25% Notes due 2026 (the "December 2026 Notes"), the 7.875% Notes due March 2029 (the "March

2029 Notes"), the 7.875% Notes due September 2029 (the "September 2029 Notes") and the 6.00% Convertible Notes due 2025 (the "Convertible Notes"). Interest expense and other debt financing costs on our borrowings totaled approximately \$16.9 million and \$10.8 million for the three months ended September 30, 2024 and 2023, respectively, and \$42.9 million and \$33.9 million for the nine months ended September 30, 2024 and 2023, respectively. Our weighted average effective interest rate, comprised of interest and amortization of fees and discount, was approximately 7.7% and 7.3% for the three months ended September 30, 2024 and 2023, respectively, and 7.6% and 7.2% for the nine months ended September 30, 2024 and 2023, respectively. The increase in interest expense for the three and nine months ended September 30, 2024 was primarily due to increased borrowings and increased base rate under our credit facility with KeyBank, National Association (the "KeyBank Credit Facility").

Employee Compensation and Benefits

Employee compensation and benefits totaled approximately \$11.5 million and \$8.7 million for the three months ended September 30, 2024 and 2023, respectively, and \$31.3 million and \$24.7 million for the nine months ended September 30, 2024 and 2023, respectively. The increase in employee compensation expenses for the three and nine months ended September 30, 2024 relates primarily to the increased variable compensation related to a higher headcount and stock-based compensation. As of September 30, 2024 and 2023, the Company had 86 and 63 employees, respectively.

Professional Fees Expenses

Professional fees expenses, consisting of legal fees, accounting fees, third-party valuation fees, and talent acquisition fees, totaled approximately \$1.3 million and \$1.3 million for the three months ended September 30, 2024 and 2023, respectively, and \$3.4 million and \$4.1 million for the nine months ended September 30, 2024 and 2023, respectively. The decrease in professional fees expenses for the three and nine months ended September 30, 2024 resulted primarily from a decrease in legal fees, third-party valuation fees and other consulting fees.

General and Administrative Expenses

General and administrative expenses include insurance premiums, rent, state taxes and various other expenses related to our ongoing operations. Our general and administrative expenses totaled approximately \$2.2 million and \$1.7 million for the three months ended September 30, 2024 and 2023, respectively, and \$6.2 million and \$4.7 million for the nine months ended September 30, 2024 and 2023, respectively. The increase in general and administrative expenses for the three and nine months ended September 30, 2024 was primarily due to additional office rent and related expenses.

Allocated Expenses to Trinity Capital Adviser, LLC

The resource sharing agreement (the "Sharing Agreement") with the Adviser Sub provides the Adviser Sub with access to the Company's human capital resources, facilities and systems. Under the terms of the Sharing Agreement, we allocate the related expenses of such shared resources to the Adviser Sub based on total assets under management by the Adviser Sub and us. The Company's total expenses are net of such expenses allocated to the Adviser Sub of \$0.1 million for the three and nine months ended September 30, 2024. As of September 30, 2024, there was \$0.1 million receivable due from the Adviser Sub.

Net Realized Gains and Losses

Realized gains or losses are measured by the difference between the net proceeds from the sale or redemption of an investment or a financial instrument and the cost basis of the investment or financial instrument, without regard to unrealized appreciation or depreciation previously recognized, and includes investments written off during the period.

During the nine months ended September 30, 2024, our gross realized gains primarily consisted of the repayment of two equipment financing positions and the sale of one equity position. Our gross realized losses primarily consisted of the sale of one equity position, the sale of one debt position, the repayment of one debt position and the conversion of debt positions in four portfolio companies. During the nine months ended September 30, 2023, our gross realized gains primarily consisted of the repayment of one loan, one equipment financing, and one warrant, and our gross realized losses primarily consisted of the exit of our debt, equipment financing and equity positions in four portfolio companies.

The net realized gains (losses) from the sales, repayments, or exits of investments for the three and nine months ended September 30, 2024 and 2023 were comprised of the following (in thousands):

Financial Condition, Liquidity and Capital Resources

Our liquidity and capital resources are generated primarily from the net proceeds of offerings of our securities, including our "at-the-market" offering, the 2025 Notes offering, the Convertible Notes offering, the August 2026 Notes offering, the December 2026 Notes offering, the March 2029 Notes offering and the September 2029 Notes offering, borrowings under the KeyBank Credit Facility, and cash flows from our operations, including investment sales and repayments, as well as income earned on investments and cash equivalents. Our primary use of our funds includes investments in portfolio companies, payments of interest on our outstanding debt, and payments of fees and other operating expenses we incur. We also expect to use our funds to pay distributions to our stockholders. We have used, and expect to continue to use, our borrowings, including under the KeyBank Credit Facility or any future credit facility, as well as proceeds from the turnover of our portfolio, to finance our investment objectives and activities.

From time to time, we may enter into additional credit facilities, increase the size of our existing KeyBank Credit Facility, or issue additional securities in private or public offerings. Any such incurrence or issuance would be subject to prevailing market conditions, our liquidity requirements, contractual and regulatory restrictions, and other factors.

During the nine months ended September 30, 2024, we experienced a net increase in cash and cash equivalents in the amount of \$3.8 million, which is the net result of \$339.4 million of cash provided by financing activities, offset by \$335.3 million of cash used in operating activities and \$0.3 million of cash used in investing activities. During the nine months ended September 30, 2023, we experienced a net decrease in cash and cash equivalents in the amount of \$3.4 million, which is the net result of \$41.3 million of cash used in financing

activities and \$2.2 million of cash used in investing activities, offset by \$40.1 million of cash provided by operating activities.

As of September 30, 2024 and December 31, 2023, we had cash and cash equivalents of \$8.5 million and \$4.8 million, respectively, of which \$0.9 million and \$3.1 million, respectively, was held in the Goldman Sachs Financial Square Government Institutional Fund. Cash held in demand deposit accounts may exceed the Federal Deposit Insurance Corporation ("FDIC") insured limit and therefore is subject to credit risk. All of the Company's cash deposits are held at large established high credit quality financial institutions, and management believes that the risk of loss associated with any uninsured balances is remote.

As of September 30, 2024 and December 31, 2023, we had approximately \$220.0 million and \$137.0 million, respectively, of available borrowings under the KeyBank Credit Facility, subject to its terms and regulatory requirements. Cash and cash equivalents, taken together with available borrowings under the KeyBank Credit Facility, as of September 30, 2024, are expected to be sufficient for our investing activities and to conduct our operations in the near term and long term.

Refer to "Note 5 – Borrowings" in the notes to our consolidated financial statements included in this Quarterly Report on Form 10-Q for additional information, including a discussion of our borrowings.

Asset Coverage Requirements

In accordance with the 1940 Act, with certain limited exceptions, we are only allowed to incur borrowings, issue debt securities or issue preferred stock, if immediately after the borrowing or issuance, the ratio of total assets (less total liabilities other than indebtedness) to total indebtedness plus preferred stock, is at least 150%. On September 27, 2019, the Board, including a "required majority" (as such term is defined in Section 57(o) of the 1940 Act) and our initial stockholder approved the application to us of the 150% minimum asset coverage ratio set forth in Section 61(a)(2) of the 1940 Act. As a result, we are permitted to potentially borrow \$2 for investment purposes of every \$1 of investor equity. As of September 30, 2024, our asset coverage ratio was approximately 182.0% and our asset coverage ratio per unit was approximately \$1,820. As of December 31, 2023, our asset coverage ratio was approximately 194.7% and our asset coverage ratio per unit was approximately \$1,947.

Commitments and Off-Balance Sheet Arrangements

The Company has entered into a capital commitment with each of the JV and EPT 16 to fund capital contributions through June 2026 in the amount of \$21.4 million and \$10.0 million, respectively. As of September 30, 2024, unfunded commitments were \$3.0 million and \$6.0 million for the JV and EPT 16, respectively. As of September 30, 2024, the Company also had unfunded commitments of approximately \$25.0 million to one portfolio company. As of December 31, 2023, unfunded commitments were \$10.4 million for the JV. The Company did not have any other off-balance sheet financings or liabilities as of September 30, 2024 or December 31, 2023.

The Company's commitments and contingencies consist primarily of unfunded commitments to extend credit in the form of loans to the Company's portfolio companies. A portion of these unfunded contractual commitments as of September 30, 2024 and December 31, 2023 are dependent upon the portfolio company reaching certain milestones before the debt commitment becomes available. Furthermore, the Company's credit agreements with its portfolio companies generally contain customary lending provisions that allow the Company relief from funding obligations for previously made commitments in instances where the underlying portfolio company experiences materially adverse events that affect the financial condition or business outlook for the company. Since a portion of these commitments may expire without being drawn, unfunded contractual commitments do not necessarily represent future cash requirements. As such, the Company's disclosure of unfunded contractual commitments includes only those which are available at the request of the portfolio company and unencumbered by milestones. The Company will fund future unfunded commitments from the same sources it uses to fund its investment commitments that are funded at the time they are made (which are typically through existing cash and cash equivalents and borrowings under the KeyBank Credit Facility).

In the normal course of business, the Company enters into contracts that provide a variety of representations and warranties, and general indemnifications. Such contracts include those with certain service providers, brokers and trading counterparties. Any exposure to the Company under these arrangements is unknown as it would involve future claims that may be made against the Company; however, based on the Company's experience, the risk of loss is remote and no such claims are expected to occur. As such, the Company has not accrued any liability in connection with such indemnifications.

⁽¹⁾Net asset value per share is determined as of the last day in the relevant quarter and therefore may not reflect the net asset value per share on the date of the high and low closing sales prices. The net asset values shown are based on outstanding shares at the end of the relevant quarter.

Shares of BDCs may trade at a market price that is less than the value of the net assets attributable to those shares. At times, our shares of common stock have traded at prices both above and below our net asset value per share. The possibility that our shares of common stock will trade at a discount from net asset value per share or at premiums that are unsustainable over the long term are separate and distinct from the risk that our net asset value per share will decrease. It is not possible to predict whether our common stock will trade at, above, or below net asset value per share.

Related Party Transactions

Certain members of management as well as employees of the Company hold shares of the Company's stock.

We have entered into indemnification agreements with our directors and executive officers. The indemnification agreements are intended to provide our directors and executive officers with the maximum indemnification permitted under Maryland law and the 1940 Act. Each indemnification agreement provides that we shall indemnify the director or executive officer who is a party to the agreement, or an "Indemnitee," including the advancement of legal expenses, if, by reason of his or her corporate status, the Indemnitee is, or is threatened to be, made a party to or a witness in any threatened, pending, or completed proceeding, to the maximum extent permitted by Maryland law and the 1940 Act.

⁽²⁾ Calculated as the respective high or low closing sales price less net asset value, divided by net asset value (in each case, as of the applicable quarter).

⁽³⁾ Represents the dividend or distribution declared in the relevant quarter.

⁽⁴⁾Consists of a quarterly dividend and a supplemental dividend.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to financial market risks, including valuation risk and interest rate risk. Uncertainty with respect to the economic effects of the overall market conditions has introduced significant volatility in the financial markets, and the effect of the volatility could materially impact our market risks, including those listed below

Valuation Risk

Our investments may not have readily available market quotations (as such term is defined in Rule 2a-5), and those investments which do not have readily available market quotations are valued at fair value as determined in good faith by our Board of Directors in accordance with our valuation policy. There is no single standard for determining fair value in good faith. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments we make. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Because of the inherent uncertainty of valuation, these estimated values may differ significantly from the values that would have been used had a ready market for the investments existed, and it is possible that the difference could be material.

In accordance with Rule 2a-5, our Board periodically assesses and manages material risks associated with the determination of the fair value of our investments.

Interest Rate Risk

Interest rate sensitivity and risk refer to the change in earnings that may result from changes in the level of interest rates. To the extent that we borrow money to make investments, including under the KeyBank Credit Facility or any future financing arrangement, our net investment income will be affected by the difference between the rate at which we borrow funds and the rate at which we invest these funds. In periods of rising interest rates, our cost of borrowing funds would increase, which may reduce our net investment income. As a result, there can be no assurance that a significant change in market interest rates, including as a result of inflation, will not have a material adverse effect on our net investment income. Inflation is likely to continue in the near to medium-term, particularly in the United States and Europe, with the possibility that monetary policy may tighten in response. Persistent inflationary pressures could affect our portfolio companies' profit margins.

As of September 30, 2024, approximately 76.6% of our debt investments based on outstanding principal balance represented floating-rate investments based on Prime or SOFR, and approximately 23.4% of our debt investments based on outstanding principal balance represented fixed rate investments. In addition, borrowings under the KeyBank Credit Facility are subject to floating interest rates based on SOFR, generally bearing interest at a rate of the Adjusted Term SOFR Reference Rate plus 2.85% to 3.25%, subject to the number of eligible debt investments in the collateral pool.

Based on our Consolidated Statements of Operations as of September 30, 2024, the following table shows the annualized impact on net income of hypothetical base rate changes in the Prime Rate on our debt investments (considering interest rate floors for floating-rate instruments) and the hypothetical base rate changes in the SOFR on our KeyBank Credit Facility, assuming that there are no changes in our investment and borrowing structure (in thousands):

	Interest		Interest		Net
	Income		Expense	Income/(Loss)	
Up 300 basis points	\$ 34,397	\$	8,700	\$	25,697
Up 200 basis points	\$ 22,607	\$	5,800	\$	16,807

Down 300 basis points	\$ (15,835)	\$	(8,700)	\$	(7,135)

Currency Risk

Any investments we make that are denominated in a foreign currency will be subject to risks associated with changes in currency exchange rates. These risks include the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending upon the currency or currencies involved. As of September 30, 2024, we had four foreign domiciled portfolio companies. Our exposure to currency risk related to these debt investments is minimal as payments from such portfolio companies are received in U.S. dollars. No other investments as of September 30, 2024 were subject to currency risk.

Hedging

We do not currently engage in any hedging activities. However, we may, in the future, hedge against interest rate and currency exchange rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in benefits of lower interest rates with respect to our portfolio of investments with fixed interest rates. We may also borrow funds in local currency as a way to hedge our non-U.S. denominated investments.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

In accordance with Rules 13a-15(b) and 15d-15(b) under the Exchange Act, we, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Exchange Act) as of the end of the period covered by this Quarterly Report on Form 10-Q and determined that our disclosure controls and procedures are effective as of the end of the period covered by this Quarterly Report on Form 10-Q.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the three months ended September 30, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II: OTHER INFORMATION

Item 1. Legal Proceedings

We are not currently subject to any material legal proceedings, nor, to our knowledge, are any material legal proceedings threatened against us. From time to time, we may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. Furthermore, third parties may seek to impose liability on us in connection with the activities of our portfolio companies. Our business is also subject to extensive regulation, which may result in regulatory proceedings against us. While the outcome of any future legal or regulatory proceedings cannot be predicted with certainty, we do not expect that any such future proceedings will have a material effect upon our financial condition or results of operations.

Item 1A. Risk Factors

Investing in our securities involves a number of significant risks. In addition to the other information set forth in this Quarterly Report on Form 10-Q, including the risk factors set forth below, you should carefully consider the risk factors discussed in "Item 1A. Risk Factors" of our Annual Report on Form 10-K filed with the SEC on March 6, 2024, all of which could materially affect our business, financial condition and/or results of operations. Although the risks described below and in our other SEC filings referenced above represent the principal risks associated with an investment in us, they are not the only risks we face. Additional risks and uncertainties not currently known to us, or that we currently deem to be immaterial, might materially and adversely affect our business, financial condition and/or results of operations.

Other than as described below, during the nine months ended September 30, 2024, there have been no material changes to the risk factors discussed in our SEC filings referenced above.

Our executive officers and employees, through the Adviser Sub, may manage other investment funds that operate in the same or a related line of business as we do, and may invest in such funds, which may result in significant conflicts of interest.

Our executive officers and employees, through the Adviser Sub, may manage other investment funds or assets for other clients that operate in the same or a related line of business as we do, and which funds may be invested in by us and/or our executive officers and employees. Accordingly, they may have obligations to, or pecuniary interests in, such other entities, and the fulfillment of such obligations may not be in the best interests of us or our stockholders and may create conflicts of interest.

We may make co-investments with other funds or clients advised by the Adviser Sub in accordance with applicable allocation policies, the 1940 Act and any exemptive relief granted by the SEC, if any. We have applied for co-investment exemptive relief from the SEC that would require, among other things, that we and the Adviser Sub consider whether each such investment opportunity is appropriate for us and the Adviser Sub's advised funds or clients and, if it is appropriate, to propose an allocation of the investment opportunity between us and such other parties. Our relationship with the Adviser Sub may require us to commit resources to achieving the investment objectives of such other funds or clients advised by the Adviser Sub, while such resources were previously solely devoted to achieving our investment objective. Our investment objective and investment strategies may be very similar to those of such funds or clients advised by the Adviser Sub, and it is likely that an investment may be appropriate for both us and such funds or clients advised by the Adviser Sub. As a consequence, it may be more difficult for us to maintain or increase the size of our investment portfolio in the future. Although we will endeavor to allocate investment opportunities in a fair and equitable manner, including in accordance with the conditions set forth in any applicable exemptive order issued by the SEC, we may face conflicts in allocating investment opportunities between us and other funds or clients managed by the Adviser Sub. Because the Adviser Sub may receive performance-based fee compensation from other funds or clients it manages, this may provide the Company and the Adviser Sub an incentive to allocate opportunities to other funds or clients the Adviser Sub manages, instead of us. We and the Adviser Sub have implemented an allocation policy to ensure the equitable distribution of investment opportunities and, as a result, may be unable to participate in certain investments based upon such allocation policy.

Investments in the Adviser Funds in the form of loans may create conflicts of interests.

We may make investments in the Adviser Funds in the form of loans, which may create conflicts of interests. For example, prior to the receipt by the Adviser Funds of capital contributions from investors for which a capital call notice has or will be given, we may provide loan financing to such Adviser Funds to fund such amounts on a temporary basis in order to permit the Adviser Funds to invest in a target portfolio company within the applicable time constraints prior to the receipt by the Adviser Funds of a capital call in respect of such investment. In addition, we may provide loan financing to the Adviser Funds to cover start-up and initial operating costs prior to the receipt by the Adviser Funds of a capital call in respect of such expenses. The provision of debt financing to the Adviser Funds may cause conflicts of interest, including in situations where our interest as a lender to the Adviser Funds conflicts with the interest of holders of third-party equity interests.

Through the Adviser Sub, we expect to derive revenues from managing third-party funds pursuant to investment management agreements that may be terminated, which could negatively impact our operating results.

We expect to derive our revenues related to the Adviser Sub primarily from dividend income, which we expect the Adviser Sub to pay from net profits generated from advisory fees charged to the funds advised by the Adviser Sub. Such funds may be established with different fee structures, including management fees payable at varying rates and carried interest or performance fees that are payable at varying hurdle rates. Investment advisory, carried interest, and performance fee revenues can be adversely affected by several factors, including market factors, third-party investor preferences, and our Adviser Sub's performance and track record. A reduction in revenues of our Adviser Sub, without a commensurate reduction in expenses, could adversely affect our Adviser Sub's business as well as our revenues and results of operations derived from the Adviser Sub. The terms of fund investment managements generally give the manager of the fund and the fund itself the right to terminate the investment management agreement in certain circumstances. With respect to funds that are not exempt from registration under the 1940 Act, the fund's investment management agreement must be approved annually by (a) such fund's board of directors or by the vote of a majority of such fund's stockholders and (b) the majority of the independent members of such fund's board of directors and, in certain cases, by its stockholders, as required by law. The funds' investment management agreements can also be terminated by the majority of such fund's stockholders. Termination of any such investment management agreements would reduce the fees we earn from the relevant funds or other clients through the Adviser Sub, which could have a material adverse effect on our results of operations.

In addition, the Company is obligated to offer to repay the Series A Notes at par (plus accrued and unpaid interest to, but not including, the date of prepayment) if certain change in control events occur. The Series A Notes were offered in reliance on Section 4(a)(2) of the Securities Act. The Series A Notes have not and will not be registered under the Securities Act or any state securities laws and, unless so registered, may not

be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, as applicable.

To Each of the Purchasers Listed in the Purchaser Schedule Hereto:

Ladies and Gentlemen:

Trinity Capital Inc., a Maryland corporation (the "Company"), agrees with each of the Purchasers as follows:

CTION 1. AUTHORIZATION OF NOTES.

Section 1.1. Authorization of Notes. The Company will authorize the issue and sale of (a) \$55,500,000 aggregate principal amount of its 7.54% Series A Senior Notes, Tranche A, due October 29, 2027 (the "Tranche A Notes") and (b) \$73,000,000 aggregate principal amount of its 7.60% Series A Senior Notes, Tranche B, due October 29, 2028 (the "Tranche B Notes") and (c) \$14,000,000 aggregate principal amount of its 7.66% Series A Senior Notes, Tranche C, due October 29, 2029 (the "Tranche C Notes"; and collectively with the Tranche A Notes and the Tranche B Notes, the "Series A Notes"). The Series A Notes shall be substantially in the form set out in Schedule 1(A), Schedule 1(B) and Schedule 1(C), respectively. Certain capitalized and other terms used in this Agreement are defined in Schedule A and, for purposes of this Agreement, the rules of construction set forth in Section 22.4 shall govern.

The Series A Notes, together with each Series of Additional Notes which may from time to time be issued pursuant to the provisions of Section 2.2, are collectively referred to as the "Notes" (such term shall also include any such notes as amended, restated or otherwise modified from time to time pursuant to Section 17 and including any such notes issued in substitution therefor pursuant to Section 13).

Section 1.2. Changes in Interest Rate. (a) If at any time a Below Investment Grade Event occurs, then:

(i) as of the date of the occurrence of a Below Investment Grade Event to and until the date on which such Below Investment Grade Event is no longer continuing (as evidenced by the receipt and delivery to the holders of the Notes of any Debt Rating

necessary to cure such Below Investment Grade Event), the directly affected Notes shall bear interest at the Below Investment Grade Adjusted Interest Rate; and

- (ii) the Company shall promptly, and in any event within twenty (20) Business Days after a Below Investment Grade Event has occurred, notify the holders of the Notes in writing, sent in the manner provided in Section 18, that a Below Investment Grade Event has occurred and confirming the effective date of the Below Investment Grade Event and that the Below Investment Grade Adjusted Interest Rate will accrue from the date on which such Below Investment Grade Event shall have occurred and will be payable on each subsequent interest payment date until such Below Investment Grade Event is no longer continuing in consequence thereof.
- (b) The reasonable, documented fees and expenses of any Acceptable Rating Agency and all other costs incurred in connection with obtaining, affirming or appealing a Debt Rating pursuant to this Section 1.2 shall be borne solely by the Company.
- (c) If at any time a Secured Debt Ratio Event occurs, then:
 - (i) as of the earlier of (x) the date of the occurrence of a Secured Debt Ratio Event and (y) the last day of the applicable fiscal quarter or fiscal year for which financial statements delivered pursuant to Section 7.1 or Section 7.2 evidence the occurrence of a Secured Debt Ratio Event to and until the date on which such Secured Debt Ratio Event is no longer continuing (as evidenced by the receipt and delivery to the holders of the Notes of a certificate from a Senior Financial Officer of the Company certifying that such Secured Debt Ratio Event has been cured), the Notes shall bear interest at the Secured Debt Ratio Adjusted Interest Rate; and
 - (ii) to the extent the Company has knowledge thereof, the Company shall promptly, and in any event within ten (10) Business Days after the Company has knowledge that a Secured Debt Ratio Event has occurred, notify the holders of the Notes in writing, sent in the manner provided in Section 18, that a Secured Debt Ratio Event has occurred and confirming the effective date of the Secured Debt Ratio Event and that the Secured Debt Ratio Adjusted Interest Rate will accrue from such effective date and will be payable on each subsequent interest payment date until such Secured Debt Ratio Event is no longer continuing, in consequence thereof.
- (d) Notwithstanding anything to the contrary, if a Below Investment Grade Event and a Secured Debt Ratio Event are both continuing at the same time, then as of the date on which both such events first simultaneously existed and are continuing until the earliest date on which either or both events is no longer continuing, the Notes shall bear interest at an interest rate per annum which is 2.00% above the stated rate of the Notes (or the Default Rate based on the stated interest rate for the Note, as the case may be); *provided* that after such date if either the Below Investment Grade Event or the Secured Debt Ratio Event (but not both) shall continue, then the Notes shall bear interest at the Below Investment Grade Adjusted Interest Rate or the Secured Debt Ratio Adjusted Interest Rate, as applicable.

- (e) As used herein, "Below Investment Grade Adjusted Interest Rate" means the interest rate per annum which is 1.00% above the rate of interest then in effect on the applicable Notes (or the Default Rate based on the rate of interest then in effect on the applicable Notes, as the case may be). For the avoidance of doubt, the Below Investment Grade Adjusted Interest Rate shall not apply unless and until a Below Investment Grade Event has occurred.
- (f) As used herein, a "Below Investment Grade Event" shall occur if:
 - (i) at any time the Company has obtained a Debt Rating from only one Acceptable Rating Agency, the then most recent Debt Rating received from such Acceptable Rating Agency that is in full force and effect (not having been withdrawn) is below Investment Grade;
 - (ii) at any time the Company has obtained a Debt Rating from two (2) Acceptable Rating Agencies, the then lower of the most recent Debt Ratings received from the Acceptable Rating Agencies that are in full force and effect (not having been withdrawn) is below Investment Grade;
 - (iii) at any time the Company has obtained a Debt Rating from three (3) or more Acceptable Rating Agencies, the then second lowest of the most recent Debt Ratings received from the Acceptable Rating Agencies that is in full force and effect (not having been withdrawn) is below Investment Grade (provided, for the avoidance of doubt, if two (2) or more of the most recent Debt Ratings are equal or equivalent to the lowest such Debt Rating, then one of such equal or equivalent Debt Ratings will be deemed to be the second lowest Debt Rating for purposes of such determination); or
 - (iv) at any time the Company shall have failed to receive and deliver to the holders of the Notes a Debt Rating from at least one Acceptable Rating Agency as required by Section 9.8(a).

For the avoidance of doubt, the Below Investment Grade Event shall end immediately upon the delivery by the Company of one or more Ratings such that the foregoing conditions are no longer triggered. Upon the end of the Below Investment Grade Event, the applicable interest rate shall automatically return to the stated interest rate for the Notes (or the Default Rate based on the stated interest rate for the Notes, as the case may be).

(g) As used herein, "Secured Debt Ratio" means the ratio, determined on a consolidated basis, without duplication, in accordance with GAAP, of (a) all Indebtedness for borrowed money of the Company and its consolidated subsidiaries (which for the avoidance of doubt shall, in the determination of the Secured Debt Ratio, include Designated Subsidiaries of the Company (other than an SBIC Subsidiary)) that is secured by a Lien on the assets of the Company or a consolidated subsidiary of the Company, to (b) the value of the total assets of the Company and its subsidiaries (which for the avoidance of doubt shall, in the determination of the Secured Debt Ratio, include Designated Subsidiaries of the Company (other than an SBIC Subsidiary)); provided, such ratio shall be determined, without duplication, on a pro forma basis giving effect to the amount of cash the Company is projected to receive from selling assets, issuing equity or

unsecured debt within the succeeding sixty (60) days; *provided* that the Company has entered into a definitive agreement in respect of such asset sale, equity issuance or unsecured debt issuance, as applicable, which agreement provides for Company's receipt of not less than the amount of such projected cash upon the closing of the relevant transaction within such sixty (60) day period.

- (h) As used herein, "Secured Debt Ratio Adjusted Interest Rate" means the interest rate per annum which is 1.50% above the rate of interest then in effect on the applicable Notes (or the Default Rate based on the rate of interest then in effect on the applicable Notes, as the case may be). For the avoidance of doubt, the Secured Debt Ratio Adjusted Interest Rate shall not apply unless and until a Secured Debt Ratio Event has occurred.
- (i) As used herein, a "Secured Debt Ratio Event" shall occur if at any time within the period specified in the chart below the Company's Secured Debt Ratio exceeds the percentage set forth opposite such period below:

Period	Secured Debt Percentage
From the Execution Date to but not including October 29, 2025	60%
At any time on or after October 29, 2025	55%

For the avoidance of doubt, the Secured Debt Ratio Event shall end immediately upon the Secured Debt Ratio (as evidenced by the receipt and delivery to the holders of the Notes of a certificate from a Senior Financial Officer of the Company certifying that such Secured Debt Ratio Event has been cured), within the period specified in the chart above, being less than or equal to the percentage set forth opposite such period above (*provided* that the Secured Debt Ratio is in fact less than or equal to the applicable percentage). Upon the end of the Secured Debt Ratio Event, the applicable interest rate shall automatically return to the stated interest rate for the Notes or, if applicable, the Below Investment Grade Adjusted Interest Rate (or the Default Rate based on the applicable interest rate for the Notes, as the case may be).

(j) Following the occurrence and during the continuance of an Event of Default with respect to a Series of Notes, such Series of Notes shall bear interest at the Default Rate, as may be adjusted in accordance with this Section 1.2.

CTION 2. SALE AND PURCHASE OF NOTES.

Section 2.1. Sale and Purchase of Series A Notes. As used in this Section 6.2, the terms "employee benefit plan," "governmental plan," and "separate account" shall have the respective meanings assigned to such terms in section 3 of ERISA.

Section 6.3. Legends. Each Purchaser understands that the Notes may be notated with one or both of the following legends:

- (a) "THE NOTE REPRESENTED HEREBY HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AND HAS BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO UNLESS AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OF 1933 IS AVAILABLE."
- (b) Any legend required by the securities laws of any state to the extent such laws are applicable to the Notes represented by the certificate, instrument or book entry so legended.

Section 6.4. Investment Experience; Access to Information. Each Purchaser severally represents that it (a) is an institutional "accredited investor" as defined in Rule 501(a) of Regulation D promulgated under the Securities Act, (b) either alone or together with its representatives has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of this investment and make an informed decision to so invest, and has so evaluated the risks and merits of such investment, (c) has the ability to bear the economic risks of this investment and can afford a complete loss of such investment, (d) understands the terms of and risks associated with the purchase of the Notes, including, without limitation, a lack of liquidity, pricing availability and risks associated with the industry in which the Company operates, (e) has had the opportunity to review (i) the Disclosure Documents, (ii) the Annual Report on Form 10-K for the Company for the fiscal year ended December 31, 2023, (iii) the Quarterly Reports on Form 10-Q for the Company for the quarters ended March 31, 2024 and June 30, 2024 and (iv) such other disclosure regarding the Company, its business and its financial condition as such Purchaser has determined to be necessary in connection with the purchase of the Notes, and (f) has had an opportunity to ask such questions and make such inquiries concerning

the Company, its business, its management and its financial affairs and condition, in each case, as such Purchaser has deemed appropriate in connection with such purchase and to receive satisfactory answers to such questions and inquiries.

Section 6.5. Authorization. Each Purchaser, or Assignee following an assignment in accordance with Section 13.2, as applicable, severally represents that (a) it has full power and authority to enter into this Agreement and (b) this Agreement, when executed and delivered by such Purchaser or assigned to an Assignee in accordance with Section 13.2, will constitute valid and legally binding obligations of such Purchaser or Assignee, as applicable, enforceable in accordance with their terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies.

Section 6.6. Restricted Securities. Each Purchaser understands that the Notes have not been, and will not be, registered under the Securities Act by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of each Purchaser's representations as expressed herein. Each Purchaser understands that the Notes are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, each Purchaser must hold the Notes indefinitely unless they are registered with the SEC and qualified by state authorities, or an exemption from such registration and qualification requirements is available. Each Purchaser acknowledges that the Company has no obligation to register or qualify the Notes for resale. Each Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Notes, and on requirements relating to the Company which are outside of such Purchaser's control, and which the Company is under no obligation and may not be able to satisfy.

Section 6.7. No Public Market. Each Purchaser understands that no public market now exists for the Notes, and that the Company has made no assurances that a public market will ever exist for the Notes.

Section 6.8. Reliance. Each Purchaser severally represents and warrants that such Purchaser is not relying upon, and has not relied upon, any statement, representation or warranty made by the Placement Agents any of their respective Affiliates (other than, to the extent applicable, the Obligors) or any of their respective Control persons, officers, directors or employees, in making its investment or decision to invest in the Company.

Section 6.9. Acknowledgment. Each Purchaser acknowledges (for itself and for each account for which such purchaser is acquiring Notes hereunder) that such Purchaser has carefully reviewed the Disclosure Documents and has been furnished with all other materials that it considers relevant to an investment in the Notes, has had a full opportunity to ask questions of and receive answers from the Company or any Person or Persons acting on behalf of the Company concerning the terms and conditions of an investment in the Notes, has independently made its own analysis and decision to invest in the Notes, and no statement or printed material which is

contrary to the Disclosure Documents has been made or given to such Purchaser by or on behalf of the Company.

In the event that the Company or any Subsidiary has made an election to measure any financial liability using fair value (which election is being disregarded for purposes of determining compliance with this Agreement pursuant to Section 22.2) as to the period covered by any such financial statement, such Senior Financial Officer's certificate as to such period shall include a reconciliation from GAAP with respect to such election;
- (b) Event of Default certifying that such Senior Financial Officer has reviewed the relevant terms hereof and has made, or caused to be made, under his or her supervision, a review of the transactions and conditions of the Company and its Subsidiaries from the beginning of the quarterly or annual period covered by the statements then being furnished to the date of the certificate and that such review shall not have disclosed the existence during such period of any condition or event that constitutes an Event of Default or, if any such condition or event existed or exists (including any such event or condition resulting from the failure of the Company or any Subsidiary to comply with any Environmental Law), specifying the nature and period of existence thereof and what action the Company shall have taken or proposes to take with respect thereto; and

Section 7.3. Visitation. The Company shall permit the representatives of each Purchaser or holder of a Note that, in each case, is an Institutional Investor:

(a) No Event of Default — if no Event of Default then exists and is continuing, at the expense of such Purchaser or holder and upon at least ten (10) Business Days' prior notice to the Company, to visit the principal executive office of the Company, to discuss the affairs, finances and accounts of the Company and its Subsidiaries with the Company's

officers, and (with the consent of the Company, which consent will not be unreasonably withheld and so long as a Senior Financial Officer or his or her delegee is given reasonable notice and the opportunity to be present during such discussions) its independent public accountants, and (with the consent of the Company, which consent will not be unreasonably withheld) to visit the other offices and properties of the Company and each Subsidiary, all at such reasonable times and as often as may be reasonably requested in writing; *provided*, that such visitation rights set forth in this clause (a) may only be exercised once per calendar year for all holders of the Notes, collectively, on a mutually agreed date; and

(b) Event of Default — if an Event of Default then exists and is continuing, at the expense of the Company and upon at least ten (10) Business Days' prior notice to the Company, to visit and inspect any of the offices or properties of the Company or any Subsidiary, to examine all their respective books of account, records, reports and other papers, to make copies and extracts therefrom, and to discuss their respective affairs, finances and accounts with their respective officers and independent public accountants (and by this provision the Company authorizes said accountants to discuss the affairs, finances and accounts of the Company and its Subsidiaries so long as a Senior Financial Officer or his or her delegee is given reasonable notice and the opportunity to be present during such discussions), all at such reasonable times and as often as may be reasonably requested.

- (b) the Company shall have timely filed such Form 10–Q or Form 10–K, satisfying the requirements of Section 7.1(a) or Section 7.1(b), as the case may be, with the SEC on EDGAR and shall have made the related Officer's Certificate satisfying the requirements of Section 7.2 available to each holder of a Note by electronic mail or by posting such information on Intralinks or on any other similar website to which each holder of Notes has free access;

provided however, that in no case shall access to such financial statements, other information and Officer's Certificates be conditioned upon any waiver or other agreement or consent (other than confidentiality provisions consistent with Section 20 of this Agreement); provided further, that in the case of any of clauses (a), (b), (c) or (d), the Company shall have given each Purchaser and holder of a Note prior written notice, which may be by e-mail or in accordance with Section 18, of such posting or filing in connection with each delivery, provided further, that upon request of any holder to receive paper copies of such forms, financial statements, other information and Officer's Certificates or to receive them by e-mail, the Company will promptly e-mail them or deliver such paper copies, as the case may be, to such Purchaser or holder.

CTION 8. PAYMENT AND PREPAYMENT OF THE NOTES.

Section 8.1. Maturity. As provided therein, the entire unpaid principal balance of each Note of each Series shall be due and payable on the Maturity Date thereof.

Section 8.2. Optional Prepayments with Prepayment Settlement Amount. The Company may, at its option, upon notice as provided below, prepay at any time all, or from time to time, to the extent permitted by the last sentence of this Section 8.2, any part of, any Series or tranche of the Notes, in an amount not less than 10% of the aggregate principal amount of such Series or tranche of Notes then outstanding in the case of a partial prepayment, at 100% of the principal amount so prepaid, and the Prepayment Settlement Amount applicable to such Series or tranche of Notes determined for the prepayment date with respect to such principal amount. The Company will give each holder of such Series or tranche of Notes written notice of each optional prepayment under this Section 8.2 not less than ten (10) days and not more than sixty (60) days prior to the date fixed for such prepayment unless the Company and the Required Holders agree to another time period pursuant to Section 17. Each such notice shall specify such date (which shall be a Business Day), the aggregate principal amount of such Series of tranche of Notes to be prepaid on such date, the principal amount of each Note held by such holder to be prepaid (determined in accordance with Section 8.3), and the interest to be paid on the prepayment date with respect to such principal amount being prepaid, and shall be accompanied by a certificate of a Senior Financial Officer as to the estimated Prepayment Settlement Amount applicable to such Series or tranche of Notes due in connection with such prepayment (calculated as if the date of such notice were the date of the prepayment), setting forth the details of such computation. Two (2) Business Days prior to such prepayment, the Company shall deliver to each holder of Notes in such Series or tranche a certificate of a Senior Financial Officer specifying the calculation of such Prepayment Settlement Amount as of the specified prepayment date. Notwithstanding the foregoing and anything contained in this Section to the contrary, (i) if and so long as any Default or Event of Default shall have occurred and be continuing, or (ii) if such partial prepayment is before the Clean-Up Period Start Date for such Series or tranche, as applicable, then in the case of

clause (i) or (ii) any partial prepayment of the Notes pursuant to the provisions of this Section 8.2 shall be allocated among all of the Notes of all Series and tranches at the time outstanding in proportion, as nearly as practicable, to the respective unpaid principal amounts thereof.

Section 8.3. Allocation of Partial Prepayments. In the case of each partial prepayment of the Notes pursuant to Section 8.2, the principal amount of the Notes to be prepaid shall be allocated among all of the Notes at the time outstanding in proportion, as nearly as practicable, to the respective unpaid principal amounts thereof not theretofore called for prepayment. For the avoidance of doubt, the Company may optionally prepay any Series or tranche of Notes without the allocation of such prepayment among all of the Notes at the time outstanding, if such Series or tranche, as applicable, is paid in full after the Clean-Up Period Start Date for such Series or tranche, as applicable.

Section 8.4. Maturity; Surrender, Etc. In the case of each prepayment of any Series or tranche of Notes pursuant to this Section 8, the principal amount of each Note to be prepaid shall mature and become due and payable on the date fixed for such prepayment, together with interest on such principal amount accrued to such date and the applicable Prepayment Settlement Amount, if any, or Make-Whole Amount, if any. From and after such date, unless the Company shall fail to pay such principal amount when so due and payable, together with the interest and Prepayment Settlement Amount, if any, or Make-Whole Amount, if any, as aforesaid, interest on such principal amount shall cease to accrue. Any Note paid or prepaid in full shall be surrendered to the Company and cancelled and shall not be reissued, and no Note shall be issued in lieu of any prepaid principal amount of any Note.

Section 8.5. Purchase of Notes. The Company will not and will not permit any Affiliate to purchase, redeem, prepay or otherwise acquire, directly or indirectly, any of the outstanding Notes except (a) upon the payment or prepayment of such Notes in accordance with this Agreement and such Notes or (b) pursuant to an offer to purchase made by the Company or an Affiliate pro rata to the holders of all Notes in any Series or tranche at the time outstanding upon the same terms and conditions. Any such offer shall provide each applicable holder with sufficient information to enable it to make an informed decision with respect to such offer, and shall remain open for at least ten (10) Business Days. If the holders of more than 25% of the principal amount of the Notes in such Series or tranche then outstanding accept such offer, the Company shall promptly notify the remaining holders of Notes in such Series or tranche of such fact and the expiration date for the acceptance by holders of Notes in such Series or tranche of such offer shall be extended by the number of days necessary to give each such remaining holder at least five (5) Business Days from its receipt of such notice to accept such offer. The Company will promptly cancel such Notes acquired by it or any Affiliate pursuant to any payment, prepayment or purchase of such Notes pursuant to this Agreement and no Notes may be issued in substitution or exchange for any such Notes. For the avoidance of doubt, no Prepayment Settlement Amount shall be owed in connection with any prepayment made pursuant to this Section 8.5(b) unless offered by the Company.

Section 8.6. Make-Whole Amount; Prepayment Settlement Amount.

"Prepayment Settlement Amount" means,

(a) with respect to any Tranche A Note, an amount equal to the "Prepayment Settlement Amount", as follows:

Prepaid during the period

Prepayment Settlement Amount

On or before the applicable Clean-Up Period Start Date

Make-Whole Amount

After the applicable Clean-Up Period Start Date

Zero

(b) with respect to any Tranche B Note, an amount equal to the "Prepayment Settlement Amount", as follows:

Prepaid during the period

Prepayment Settlement Amount

On or before the applicable Clean-Up Period Start Date

Make-Whole Amount

After the applicable Clean-Up Period Start Date

Zero

(c) with respect to any Tranche C Note, an amount equal to the "Prepayment Settlement Amount", as follows:

Prepaid during the period

Prepayment Settlement Amount

On or before the applicable Clean-Up Period Start Date

Make-Whole Amount

After the applicable Clean-Up Period Start Date

Zero

"Clean-Up Period Start Date" means, (i) with respect to any Tranche A Note, August 31, 2027, (ii) with respect to any Tranche B Note, August 31, 2028, (iii) with respect to any Tranche C Note, August 1, 2029, and (iv) with respect to any Additional Notes, the date set forth as the Clean-Up Period Start Date applicable to such Note in the Supplement with respect thereto.

"Make-Whole Amount" means, with respect to any Note, an amount equal to the excess, if any, of the Discounted Value of the Remaining Scheduled Payments with respect to the Called Principal of such Note over the amount of such Called Principal, *provided* that the Make-Whole Amount may in no event be less than zero. For the purposes of determining the Make-Whole Amount, the following terms have the following meanings:

"Called Principal" means, with respect to any Note, the principal of such Note that is to be prepaid pursuant to Section 8.2 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

"Discounted Value" means, with respect to the Called Principal of any Note, the amount obtained by discounting all Remaining Scheduled Payments with respect to such Called Principal from their respective scheduled due dates to the Settlement Date with respect to such Called Principal, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on the Notes is payable) equal to the Reinvestment Yield with respect to such Called Principal.

"Reinvestment Yield" means, with respect to the Called Principal of any Note, the sum of (a) 0.50% plus (b) the yield to maturity implied by the "Ask Yield(s)" reported as of 10:00 a.m. (New York City time) on the second Business Day preceding the Settlement Date with respect to such Called Principal, on the display designated as "Page PX1" (or such other display as may replace Page PX1) on Bloomberg Financial Markets for the most recently issued actively traded on-the-run U.S. Treasury securities ("Reported") having a maturity equal to the Remaining Average Life of such Called Principal as of such Settlement Date. If there are no such U.S. Treasury securities Reported having a maturity equal to such Remaining Average Life, then such implied yield to maturity will be determined by (i) converting U.S. Treasury bill quotations to bond equivalent yields in accordance with accepted financial practice and (ii) interpolating linearly between the "Ask Yields" Reported for the applicable most recently issued actively traded on-the-run U.S. Treasury securities with the maturities (1) closest to and greater than such Remaining Average Life and (2) closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Note.

If such yields are not Reported or the yields Reported as of such time are not ascertainable (including by way of interpolation), then "Reinvestment Yield" means, with respect to the Called Principal of any Note, the sum of (x) 0.50% plus (y) the yield to maturity implied by the U.S. Treasury constant maturity yields reported, for the latest day for which such yields have been so reported as of the second Business Day preceding the Settlement Date with respect to such Called Principal, in Federal Reserve Statistical Release H.15 (or any comparable successor publication) for the U.S. Treasury constant maturity having a term equal to the Remaining Average Life of such Called Principal as of such Settlement Date. If there is no such U.S. Treasury constant maturity having a term equal to such Remaining Average Life, such implied yield to maturity will be determined by interpolating linearly between (1) the U.S. Treasury constant maturity so reported with the term closest to and greater than such Remaining Average Life and (2) the U.S. Treasury constant maturity so reported with the term closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Note.

"Remaining Average Life" means, with respect to any Called Principal, the number of years obtained by dividing (i) such Called Principal into (ii) the sum of the products obtained by multiplying (a) the principal component of each Remaining Scheduled Payment with respect to such Called Principal by (b) the number of years, computed on the basis of a 360-day year

comprised of twelve (12) thirty (30)-day months and calculated to two (2) decimal places, that will elapse between the Settlement Date with respect to such Called Principal and the scheduled due date of such Remaining Scheduled Payment.

"Remaining Scheduled Payments" means, with respect to the Called Principal of any Note, all payments of such Called Principal and interest thereon that would be due after the Settlement Date with respect to such Called Principal if no payment of such Called Principal were made prior to its scheduled due date, *provided* that if such Settlement Date is not a date on which interest payments are due to be made under the Notes, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Settlement Date and required to be paid on such Settlement Date pursuant to Section 8.2 or Section 12.1.

"Settlement Date" means, with respect to the Called Principal of any Note, the date on which such Called Principal is to be prepaid pursuant to Section 8.2 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

Section 8.7. Payments Due on Non-Business Days. Anything in this Agreement or the Notes to the contrary notwithstanding, (x) except as set forth in clause (y), any payment of interest on any Note that is due on a date that is not a Business Day shall be made on the next succeeding Business Day without including the additional days elapsed in the computation of the interest payable on such next succeeding Business Day; and (y) any payment of principal of or Make-Whole Amount on, or the Prepayment Settlement Amount on any Note (including principal due on the Maturity Date of such Note) that is due on a date that is not a Business Day shall be made on the next succeeding Business Day and shall include the additional days elapsed in the computation of interest payable on such next succeeding Business Day.

Section 8.8. Change in Control.

- (a) *Notice of Change in Control*. The Company will, within fifteen (15) Business Days after any Responsible Officer has knowledge of the occurrence of any Change in Control, give written notice of such Change in Control to each holder of Notes. Such notice shall contain and constitute an offer to prepay Notes as described in subparagraph (b) of this Section 8.8 and shall be accompanied by the certificate described in subparagraph (e) of this Section 8.8.
- (b) Offer to Prepay Notes. The offer to prepay Notes contemplated by subparagraph (a) of this Section 8.8 shall be an offer to prepay, in accordance with and subject to this Section 8.8, all, but not less than all, the Notes held by each holder (in this case only, "holder" in respect of any Note registered in the name of a nominee for a disclosed beneficial owner shall mean such beneficial owner) on a date specified in such offer (the "Section 8.8 Proposed Prepayment Date"). Such date shall be not less than thirty (30) days and not more than sixty (60) days after the date of such offer (if the Section 8.8 Proposed Prepayment Date shall not be specified in such offer, the Section 8.8 Proposed Prepayment Date shall be the first Business Day after the 45th day after the date of such offer).
- (c) Acceptance/Rejection. A holder of Notes may accept the offer to prepay made pursuant to this Section 8.8 by causing a notice of such acceptance to be delivered to the Company

not later than 15 Business Days after receipt by such holder of the most recent offer of prepayment. A failure by a holder of Notes to respond to an offer to prepay made pursuant to this Section 8.8 shall be deemed to constitute rejection of such offer by such holder.

- (d) *Prepayment*. Prepayment of the Notes to be prepaid pursuant to this Section 8.8 shall be at 100% of the principal amount of such Notes, together with interest on such Notes accrued to, but excluding, the date of prepayment, but without Make-Whole Amount, Prepayment Settlement Amount or other premium.
- (e) Officer's Certificate. Section 9.2. Insurance. The Company will, and will cause each of its Subsidiaries to, maintain, insurance with respect to their respective properties and businesses against such casualties and contingencies, of such types, on such terms and in such amounts (including deductibles, co-insurance and self-insurance, if adequate reserves are maintained with respect

 - (C) all documents as may be reasonably requested by the Required Holders to evidence the due organization, continuing existence and, where applicable, good standing of such Subsidiary and the due authorization by all requisite action on the part of such Subsidiary of the execution and delivery of such Subsidiary Guaranty and the performance by such Subsidiary of its obligations thereunder; and
 - (D) upon request of the Required Holders (at the time such Subsidiary is to be joined as a Subsidiary Guarantor or if otherwise provided under a Material Credit Facility), a customary opinion of counsel reasonably satisfactory to the Required Holders covering such matters relating to such Subsidiary and such Subsidiary Guaranty as the Required Holders may reasonably request.
- (b) At the election of the Company and by written notice to each holder of Notes, any Subsidiary Guarantor may be discharged from all of its obligations and liabilities under its

Subsidiary Guaranty and shall be automatically released from its obligations thereunder without the need for the execution or delivery of any other document by the holders, *provided* that (i) if such Subsidiary Guarantor is a guarantor or is otherwise liable for or in respect of any Material Credit Facility, then such Subsidiary Guarantor has been released and discharged (or will be released and discharged concurrently with the release of such Subsidiary Guarantor under its Subsidiary Guaranty) under such Material Credit Facility, (ii) at the time of, and after giving effect to, such release and discharge, no Event of Default shall be existing, (iii) no amount is then due and payable by such Subsidiary Guarantor under such Subsidiary Guaranty, (iv) if in connection with such Subsidiary Guarantor being released and discharged under any Material Credit Facility (other than in connection with a sale of such Subsidiary or its Equity Interests), any fee or other form of consideration is given to any holder of Indebtedness under such Material Credit Facility for such release, the holders of the Notes shall receive equivalent consideration (determined in the case of a fee as an equivalent proportion of outstanding commitments or principal amount as applicable) substantially concurrently therewith and (v) each holder shall have received a certificate of a Responsible Officer certifying as to the matters set forth in clauses (i) through (iv).

Section 9.8. Rating Confirmation. (a) The Company shall at all times maintain a Debt Rating for the Notes from an Acceptable Rating Agency.

(b) At any time that the Debt Rating maintained pursuant to clause (a) above is not a public rating, the Company will provide to each holder of a Note (x) at least annually (on or before each anniversary of the date of the initial Closing) and (y) promptly, upon any change in such Debt Rating, an updated Private Rating Letter evidencing such Debt Rating and an updated Private Rating Rationale Report with respect to such Debt Rating. In addition to the foregoing information, if the SVO or any other regulatory authority having jurisdiction over any holder of any Notes from time to time requires any additional information with respect to the Debt Rating, the Company shall use commercially reasonable efforts to procure such information from the Acceptable Rating Agency.

Section 9.9. Most Favored Lender. (a) If a Specified Credit Facility shall include any MFL Financial Covenant or MFL Cure Right Provision and (i) such MFL Financial Covenant is not contained in this Agreement or (ii) such MFL Financial Covenant or MFL Cure Right Provision would be more beneficial to the holders of Notes than any analogous restriction, event of default, cure right or provision and related defined terms contained in this Agreement (any such restriction, event of default, cure right or provision, an "Additional Covenant"), then the Company shall provide a Most Favored Lender Notice to the holders of Notes; provided that, for the avoidance of doubt and without limiting the foregoing, the absence of an MFL Cure Right Provision in a Specified Credit Facility that has financial covenants that are the same as the financial covenants set forth in Section 10.7 (and have the same related definitions) would be more beneficial to the holders of Notes. Thereupon, unless waived in writing by the Required Holders within ten (10) Business Days after receipt of such notice by the holders of the Notes, such Additional Covenant (including any associated cure or grace period and related defined terms) shall be deemed automatically incorporated by reference into this Agreement, or in the case of the absence of an MFL Cure Right Provision in a Specified Credit Facility that has financial covenants that are the same as the financial covenants set forth in Section 10.7 (and have the same related definitions), the Cure Right set forth in this Agreement shall be deemed automatically removed

from this Agreement, *mutatis mutandis*, as if set forth fully herein or so removed, without any further action required on the part of any Person, effective as of the date when such Additional Covenant became effective under such Specified Credit Facility. Thereafter, upon the request of any holder of a Note, the Company shall enter into any additional agreement or amendment to this Agreement reasonably requested by such holder evidencing any of the foregoing.

(b) Any Additional Covenant (including any associated cure right, cure period or grace period and any associated defined term and all qualifications, limitations and exceptions thereto) incorporated into this Agreement pursuant to this Section 9.9 (herein referred to as an "Incorporated Covenant") (i) shall be deemed automatically amended herein to reflect any subsequent waivers, supplements, modifications or amendments made to such Additional Covenant (including any associated cure right, cure period or grace period and any associated defined terms and all qualifications, limitations and exceptions thereto) under the Specified Credit Facility that contains the relevant Additional Covenant; provided that if any Default or Event of Default then exists (including in respect of such Incorporated Covenant) and the amendment of such Additional Covenant would result in such Additional Covenant being less restrictive on the Company, such Incorporated Covenant shall only be deemed automatically amended at such time as no Default or Event of Default then exists and (ii) shall be deemed automatically deleted from this Agreement at such time as such Additional Covenant is deleted or otherwise removed from the Specified Credit Facility, including if the Specified Credit Facility is terminated or otherwise no longer in effect; provided that, if a Default or an Event of Default then exists (including in respect of such Incorporated Covenant), such Incorporated Covenant shall only be deemed automatically deleted from this Agreement at such time as no Default or Event of Default then exists; provided further, however, that in the case of both clauses (i) and (ii) above, if any fee or other consideration shall be given to the lenders under such Specified Credit Facility for such amendment or deletion, the equivalent of such fee or other consideration (determined in the case of a fee as an equivalent proportion of outstanding commitments or principal amount, as applicable) shall be given, pro rata, to the holders of the Notes. Upon the request of the Company, the holders of Notes shall (at the Company's sole cost and expense) enter into any additional agreement or amendment to this Agreement requested by the Company evidencing the waiver, supplement, modification or amendment or deletion of any such Incorporated Covenant in accordance with the terms hereof. For the avoidance of doubt, no covenant, definition or default expressly set forth in this Agreement as of the date of this Agreement (or incorporated into this Agreement by an amendment or modification to this Agreement other than pursuant to this Section 9.9) shall be deemed to be amended or deleted in any manner to be less restrictive on the Company by virtue of the provisions of this Section 9.9.

Section 9.10. Ranking of Obligations. The Company's payment obligations under this Agreement and the Notes shall at all times rank at least *pari passu*, without preference or priority, with all other unsecured and unsubordinated Indebtedness of the Company.

Section 9.12. Status of BDC and RIC. The Company shall, at all times, subject to applicable grace periods set forth in the Code, maintain its status as a RIC under the Code. The Company shall at all times maintain its status as a "business development company" under the Investment Company Act.

- (b) Consolidated Asset Coverage Ratio. The Company will not permit the Consolidated Asset Coverage Ratio at the last day of any fiscal quarter to be less than 1.50 to 1.00.
- (c) Cure Right. If, within thirty (30) calendar days after delivery of an officer's certificate delivered pursuant to Section 7.2(a), which certificate demonstrates (i) a Financial Covenant Default and (ii) a Consolidated Asset Coverage Ratio not less than 1.35:1.00, the Company may present the holders of the Notes with a reasonably feasible plan for the Company to offer or sell Equity Interests or raise Indebtedness of the Company or any of its subsidiaries (the "Cure Right"), the proceeds of which shall be deemed received immediately prior to such default and used immediately prior to such default as specified in such plan to enable such Financial Covenant Default to be cured within sixty (60) calendar days after the end of the applicable quarter or fiscal year to which such officer's certificate relates, then, once such plan is submitted, the Company shall be deemed to have complied with the relevant covenant under Section 10.7 that gave rise to such Financial Covenant Default as of the relevant date of determination and each subsequent fiscal quarter within such sixty (60) day period with the same effect as though there had been no failure to comply therewith at such date, and the applicable Financial Covenant Default that had occurred shall be deemed cured for each subsequent fiscal quarter for the purposes of this Agreement; provided, that if the transaction specified in such plan is not consummated within such 60-day period, it shall constitute an immediate Event of Default. Notwithstanding anything herein to the contrary, (i) no more than two (2) Cure Rights may be exercised during the term of this Agreement, and (ii) the Cure Right shall not be exercised in any two (2) consecutive fiscal quarters (which, for the avoidance of doubt, shall not include any subsequent fiscal quarter within any applicable 60-day period).

The holders of the Notes agree that from and after their receipt of notice from the Company of its intent to exercise the Cure Right in respect of any Financial Covenant Default in accordance with this Section 10.7(c), no holder of the Notes shall accelerate its Notes or exercise any of its rights or remedies pursuant to Section 12 solely on the basis of the occurrence and continuance of such Financial Covenant Default during the period from the date of delivery of such notice and until the date that is sixty (60) calendar days after the expiration of the end of the applicable quarter or fiscal year to which such officer's certificate relates.

Section 10.8. SBIC Guarantee. The Company will not, nor will it permit any of its Subsidiaries to, cause or permit the occurrence of any event or condition that would result in any recourse to any Obligor under any Permitted SBIC Guarantee.

CTION 12. REMEDIES ON DEFAULT, ETC.

- **Section 12.1. Acceleration.** (a) If an Event of Default with respect to the Company described in Section 11(g), (h) or (i) (other than an Event of Default described in clause (i) of Section 11(g) or described in clause (vi) of Section 11(g) by virtue of the fact that such clause encompasses clause (i) of Section 11(g)) has occurred, all the Notes then outstanding shall automatically become immediately due and payable.
- (b) If any other Event of Default has occurred and is continuing, the Required Holders may at any time at its or their option, by notice or notices to the Company, declare all the Notes then outstanding to be immediately due and payable.
- (c) If any Event of Default described in Section 11(a) or (b) has occurred and is continuing, any holder or holders of Notes at the time outstanding directly affected by such Event of Default may at any time, at its or their option, by notice or notices to the Company, declare all the Notes held by it or them to be immediately due and payable.

Upon any Notes becoming due and payable under this Section 12.1, whether automatically or by declaration, such Notes will forthwith mature and the entire unpaid principal amount of such Notes, plus (x) all accrued and unpaid interest thereon (including interest accrued thereon at the Default Rate) and (y) the Make-Whole Amount determined in respect of such principal amount, shall all be immediately due and payable, in each and every case without presentment, demand, protest or further notice, all of which are hereby waived. The Company acknowledges, and the parties hereto agree, that each holder of a Note has the right to maintain its investment in the Notes free from repayment by the Company (except as herein specifically provided for) and that the provision for payment of a Make-Whole Amount by the Company in the event that the Notes are prepaid or are accelerated as a result of an Event of Default, is intended to provide compensation for the deprivation of such right under such circumstances.

Section 12.2. Holder Action. Each Purchaser and each holder of a Note agrees that it shall not take or institute any actions or proceedings, judicial or otherwise, for any right or remedy against the Company or any Subsidiary Guarantor or any Subsidiary under this Agreement or any of the Notes (including the exercise of any right of setoff, rights on account of any banker's lien or similar claim or other rights of self-help), or institute any actions or proceedings, or otherwise

commence any remedial procedures, with respect to any property of any Obligor, except as provided in Section 12.1(c), without the prior written consent of the Required Holders. The provisions of this Section 12.2 are for the sole benefit of the holders of the Notes and shall not afford any right to, or constitute a defense available to, the Obligors.

Section 12.3. Rescission. At any time after any Notes have been declared due and payable pursuant to Section 12.1(b) or (c), the Required Holders, by written notice to the Company, may rescind and annul any such declaration and its consequences if (a) the Company has paid all overdue interest on the Notes, all principal of and Make-Whole Amount, if any, on any Notes that are due and payable and are unpaid other than by reason of such declaration, and all interest on such overdue principal and Make-Whole Amount, if any, and (to the extent permitted by applicable law) any overdue interest in respect of the Notes, at the Default Rate, (b) neither the Company nor any other Person shall have paid any amounts which have become due solely by reason of such declaration, (c) all Events of Default and Defaults, other than non-payment of amounts that have become due solely by reason of such declaration, have been cured or have been waived pursuant to Section 17, and (d) no judgment or decree has been entered for the payment of any monies due pursuant hereto or to the Notes. No rescission and annulment under this Section 12.3 will extend to or affect any subsequent Event of Default or Default or impair any right consequent thereon.

Section 12.4. No Waivers or Election of Remedies, Expenses, Etc. No course of dealing and no delay on the part of any holder of any Note in exercising any right, power or remedy shall operate as a waiver thereof or otherwise prejudice such holder's rights, powers or remedies. No right, power or remedy conferred by this Agreement, any Subsidiary Guaranty or any Note upon any holder thereof shall be exclusive of any other right, power or remedy referred to herein or therein or now or hereafter available at law, in equity, by statute or otherwise. Without limiting the obligations of the Company under Section 15, the Company will pay to the holder of each Note on demand such further amount as shall be sufficient to cover all reasonable and documented out-of-pocket costs and expenses of one firm of outside counsel reasonably acceptable to each holder of the Notes for all of the holders of the Notes collectively incurred in any enforcement or collection under this Section 12.

CTION 13. REGISTRATION; EXCHANGE; SUBSTITUTION OF NOTES.

Section 13.1. Registration of Notes. The Company shall keep at its principal executive office a register for the registration and registration of transfers of Notes. The name and address of each holder of one or more Notes, each transfer thereof and the name and address of each transferee of one or more Notes shall be registered in such register. If any holder of one or more Notes is a nominee, then (a) the name and address of the beneficial owner of such Note or Notes shall also be registered in such register as an owner and holder thereof and (b) at any such beneficial owner's option, either such beneficial owner or its nominee may execute any amendment, waiver or consent pursuant to this Agreement. Prior to due presentment for registration of transfer, the Person in whose name any Note shall be registered shall be deemed and treated as the owner and holder thereof for all purposes hereof, and the Company shall not be affected by any notice or knowledge to the contrary. The Company shall give to any holder of a Note that is an Institutional Investor promptly upon request therefor, a complete and correct copy of the names and addresses of all registered holders of Notes.

Section 13.2. Transfer and Exchange of Notes.

- (a) Subject to Section 6.1 and clause (b) below, any registered holder of a Note or a Purchaser (an "Assigning Party") may assign to one or more assignees (an "Assignee") (other than (unless the Company shall have consented (which consent shall not be unreasonably withheld), so long as no Event of Default under Section 11(a), (b), (g), (h) or (i) shall have occurred and is continuing, to a Competitor) all or a portion of its rights and obligations under its Note and/or under this Agreement.
- (b) Any such assignment or transfer shall be subject to the following conditions: (i) the Assigning Party shall deliver to the Company a written instrument of transfer duly executed by the Assigning Party or such Assigning Party's attorney duly authorized in writing and accompanied by the relevant name, address and other information for notices of each transferee of such Note or part thereof; *provided*, that in the event the Assigning Party shall assign or transfer to a Private Placement Agent which holds the Notes only in connection with its role as an intermediary in the prompt and expeditious sale in accordance with customary financial market conditions to another purchasing Institutional Investor, the Assigning Party may instruct such Private Placement Agent to direct the Assignee to provide the Company, in writing, the relevant name, address and other information for notices of such Assignee; (ii) the Assignee shall have made the representations set forth in Section 6 to the Company; (iii) an exemption from registration of the Notes under the Securities Act is available and (iv) if requested by the Company, the Assigning Party shall have delivered to the Company such certifications or other evidence to determine that such assignment or transfer is being made in compliance with the Securities Act and applicable state securities laws.
- (c) Upon satisfaction of the conditions set forth in clause (b) above, and upon surrender of any Note to the Company at the address and to the attention of the designated officer (all as specified in Section 18(iii)), for registration of transfer or exchange (and in the case of a surrender for registration of transfer accompanied by a written instrument of transfer duly executed by the registered holder of such Note or such holder's attorney duly authorized in writing and accompanied by the relevant name, address and other information for notices of each transferee of such Note or part thereof), within 10 Business Days thereafter, the Company shall execute and deliver, at the Company's expense (except as provided below), one or more new Notes of the same Series (as requested by the holder thereof) in exchange therefor, in an aggregate principal amount equal to the unpaid principal amount of the surrendered Note. Each such new Note shall be payable to such Person as such holder may request and shall be substantially in the form of Schedule 1(A), 1(B) or 1(C), as applicable or attached to the applicable Supplement with respect to any Additional Notes. Each such new Note shall be dated and bear interest from the date to which interest shall have been paid on the surrendered Note or dated the date of the surrendered Note if no interest shall have been paid thereon. The Company may require payment of a sum sufficient to cover any stamp tax or governmental charge imposed in respect of any such transfer of Notes. Notes shall not be transferred in denominations of less than \$100,000, provided that if necessary to enable the registration of transfer by a holder of its entire holding of Notes of a tranche or Series, one Note of such tranche or Series may be in a denomination of less than \$100,000. Any transferee, by its acceptance of a Note registered in its name (or the name of its nominee), shall be deemed to have made the representations set forth in Section 6. Notwithstanding any other provision hereof, if a transferee, in connection with giving the representation set forth in Section 6.2, is required to make

disclosure under Section 6.2(c), (d), (e) or (g), then no transfer of Notes shall be effective without the prior written consent of the Company, which consent, as to these matters, shall not be withheld if the Company reasonably determines that it is able to conclude (taking into account the specifics of the applicable disclosure) that the transfer of the Notes to the transferee would not constitute a transaction that is subject to the prohibitions of Section 406(a) of ERISA or in connection with which a tax could be imposed under Section 4975 of the Code. If a transferee is using a source of funds set forth in Section 6.2(d), the Company may assume that Part I(f) of PTE 84-14 is satisfied.

- **Section 13.3. Replacement of Notes.** Upon receipt by the Company at the address and to the attention of the designated officer (all as specified in Section 18(iii)) of evidence reasonably satisfactory to it of the ownership of and the loss, theft, destruction or mutilation of any Note (which evidence shall be, in the case of an Institutional Investor, notice from such Institutional Investor of such ownership and such loss, theft, destruction or mutilation in the form of a lost note affidavit), and
 - (a) in the case of loss, theft or destruction, of indemnity reasonably satisfactory to it (provided that if the holder of such Note is, or is a nominee for, an original Purchaser or Additional Purchaser or another holder of a Note with a minimum net worth of at least \$50,000,000 or a Qualified Institutional Buyer, such Person's own unsecured agreement of indemnity shall be deemed to be satisfactory), or
 - (b) in the case of mutilation, upon surrender and cancellation thereof,

within 10 Business Days thereafter, the Company at its own expense shall execute and deliver, in lieu thereof, a new Note of the same Series (and of the same tranche if such Series has separate tranches), dated and bearing interest from the date to which interest shall have been paid on such lost, stolen, destroyed or mutilated Note or dated the date of such lost, stolen, destroyed or mutilated Note if no interest shall have been paid thereon.

CTION 14. PAYMENTS ON NOTES.

Section 14.1. Place of Payment. Subject to Section 14.2, payments of principal, Make-Whole Amount, if any, Prepayment Settlement Amount, if any, and interest becoming due and payable on the Notes shall be made in New York, New York. at the principal office of the Company in such jurisdiction. The Company may at any time, by notice to each holder of a Note, change the place of payment of the Notes so long as such place of payment shall be either the principal office of the Company in such jurisdiction or the principal office of a bank or trust company in such jurisdiction.

Section 14.2. Payment by Wire Transfer. So long as any Purchaser, Additional Purchaser or its nominee shall be the holder of any Note, and notwithstanding anything contained in Section 14.1 or in such Note to the contrary, the Company will pay all sums becoming due on such Note for principal, Make-Whole Amount, Prepayment Settlement Amount, interest and all other amounts becoming due hereunder by the method and at the address specified for such purpose below such Purchaser's name in the Purchaser Schedule, or, in the case of any Additional Purchaser, Schedule A attached to any Supplement to which such Additional Purchaser is a party

or by such other method or at such other address as such Purchaser or Additional Purchaser shall have from time to time specified to the Company in writing for such purpose, without the presentation or surrender of such Note or the making of any notation thereon, except that upon written request of the Company made concurrently with or reasonably promptly after payment or prepayment in full of any Note, such Purchaser or Additional Purchaser shall surrender such Note for cancellation, reasonably promptly after any such request, to the Company at its principal executive office or at the place of payment most recently designated by the Company pursuant to Section 14.1. Prior to any sale or other disposition of any Note held by a Purchaser or Additional Purchaser or its nominee, such Purchaser will, at its election, either endorse thereon the amount of principal paid thereon and the last date to which interest has been paid thereon or surrender such Note to the Company in exchange for a new Note or Notes of the same tranche pursuant to Section 13.2. The Company will afford the benefits of this Section 14.2 to any Institutional Investor that is the direct or indirect transferee of any Note purchased by a Purchaser or Additional Purchaser under this Agreement or any Supplement and that has made the same agreement relating to such Note as the Purchasers have made in this Section 14.2.

Section 14.3. Tax Forms. Any holder that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Note shall deliver to the Company, at the time or times reasonably requested by the Company, such properly completed and executed documentation reasonably requested by the Company as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any holder, if reasonably requested by the Company, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Company as will enable the Company to determine whether or not such holder is subject to backup withholding or information reporting requirements (including FATCA). Without limiting the generality of the foregoing, any holder that is a United States Person shall deliver to the Company on or before the date on which such holder obtains a Note (and from time to time thereafter upon the reasonable request of the Company), executed copies of IRS Form W-9 certifying that such holder is exempt from U.S. federal backup withholding tax. Any holder that is a not United States Person shall deliver to the Company on or before the date on which such holder obtains a Note (and from time to time thereafter upon the reasonable request of the Company), executed copies of the applicable IRS Form W-8 and any documentation prescribed by applicable law as a basis for claiming exemption (if any) from or a reduction (if any) in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Company to determine the withholding or deduction required to be made. If a payment made to a holder under any Note would be subject to U.S. federal withholding Tax imposed by FATCA if such holder were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such holder shall deliver to the Company at the time or times prescribed by law and at such time or times reasonably requested by the Company such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Company as may be necessary for the Company to comply with its obligations under FATCA and to determine that such holder has complied with such holder's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. For purposes of this Section 14.3, "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

CTION 15. EXPENSES, ETC.

Section 15.1. Transaction Expenses. Whether or not the transactions contemplated hereby are consummated, the Company will pay all reasonable and documented out-of-pocket costs and expenses (but limited, in the case of attorneys' fees and expenses, to the reasonable and documented out-of-pocket attorneys' fees of one special counsel (reasonably acceptable to each Purchaser, any Additional Purchasers and each other holder of a Note) for, collectively, the Purchasers (and Additional Purchasers under any Supplement) and each other holder of a Note, taken as a whole, and, if reasonably required by the Required Holders, one local counsel (reasonably acceptable to each Purchaser, any Additional Purchaser and each other holder of a Note) in each relevant jurisdiction for all such holders, taken as a whole) incurred by the Purchasers, the Additional Purchasers, if any, and each other holder of a Note in connection with such transactions and in connection with any amendments, waivers or consents under or in respect of this Agreement (including any Supplement), any Subsidiary Guaranty or the Notes (whether or not such amendment, waiver or consent becomes effective), including: (a) the costs and expenses incurred in enforcing or defending (or determining whether or how to enforce or defend) any rights under this Agreement, any Subsidiary Guaranty or the Notes or in responding to any subpoena or other legal process or informal investigative demand issued in connection with this Agreement (including any Supplement), any Subsidiary Guaranty or the Notes, or by reason of being a holder of any Note, (b) the costs and expenses, including financial advisors' fees, incurred in connection with the insolvency or bankruptcy of the Company or any Subsidiary Guarantor or in connection with any work-out or restructuring of the transactions contemplated hereby and by the Notes and any Subsidiary Guaranty and (c) the costs and expenses incurred in connection with the initial filing of this Agreement and all related documents and financial information with the SVO, provided, that such costs and expenses under this clause (c) shall not exceed \$3,500 per tranche. If required by the NAIC, the Company shall obtain and maintain at its own cost and expense a Legal Entity Identifier (LEI).

The Company will pay, and will save each Purchaser, each Additional Purchaser and each other holder of a Note harmless from, (i) all claims in respect of any fees, costs or expenses, if any, of brokers and finders (other than those, if any, retained by a Purchaser and an Additional Purchaser, or other holder in connection with its purchase of the Notes), and (ii) any judgment, liability, claim, order, decree, fine, penalty, cost, fee, expense (but limited, in the case of attorneys' fees and expenses, to the reasonable and documented out-of-pocket attorneys' fees of one special counsel for, collectively, the Purchasers, the Additional Purchasers, if any, and each other holder of a Note, taken as a whole) or obligation resulting from the consummation of the transactions contemplated hereby, including the use of the proceeds of the Notes by the Company, in each case, other than any such judgment, liability, claim, order, decree, fine, penalty, cost, fee, expense (including reasonable attorneys' fees and expenses) or obligation that resulted from (x) the bad faith, gross negligence or willful misconduct or breach of this Agreement or any Note by such Purchaser, Additional Purchaser or such holder of a Note or (y) a claim between a Purchaser and an Additional Purchaser, or holder of a Note, on the one hand, and any other Purchaser, Additional Purchaser or holder of a Note, on the other hand (other than claims arising out of any act or omission by the Company and/or its Affiliates). Notwithstanding anything to the contrary, the Company shall not be liable to a Purchaser and an Additional Purchaser, or holder of a Note for any special, indirect, consequential or punitive damages (as opposed to direct or actual damages)

arising out of, in connection with, or as a result of the transactions contemplated hereunder or under the Subsidiary Guaranty or any Note asserted by a Purchaser and an Additional Purchaser, or a holder of a Note against the Company or any of its Affiliates.

Section 15.2. Certain Taxes. The Company agrees to pay all stamp, documentary or similar taxes or fees which may be payable in respect of the execution and delivery or the enforcement of this Agreement (including any Supplement), or any Subsidiary Guaranty or the execution and delivery (but not the transfer) or the enforcement of any of the Notes in the United States or any other jurisdiction where the Company or any Subsidiary Guarantor has assets or of any amendment of, or waiver or consent under or with respect to, this Agreement (including any Supplement), or any Subsidiary Guaranty or of any of the Notes, and to pay any value added tax due and payable in respect of reimbursement of costs and expenses by the Company pursuant to this Section 15, and will save each holder of a Note to the extent permitted by applicable law harmless against any loss or liability resulting from nonpayment or delay in payment of any such tax or fee required to be paid by the Company hereunder.

Section 15.3. Survival. The obligations of the Company under this Section 15 will survive the payment or transfer of any Note, the enforcement, amendment or waiver of any provision of this Agreement, any Supplement, any Subsidiary Guaranty or the Notes, and the termination of this Agreement.

CTION 16. SURVIVAL OF REPRESENTATIONS AND WARRANTIES; ENTIRE AGREEMENT.

All representations and warranties contained herein or in any Supplement shall survive the execution and delivery of this Agreement, such Supplement and the Notes, the purchase or transfer by any Purchaser or any Additional Purchaser of any Note or portion thereof or interest therein and the payment of any Note, and may be relied upon by any subsequent holder of a Note, regardless of any investigation made at any time by or on behalf of such Purchaser or any Additional Purchaser or any other holder of a Note. All statements contained in any certificate or other instrument delivered by or on behalf of the Company pursuant to this Agreement or any Supplement shall be deemed representations and warranties of the Company under this Agreement. Subject to the preceding sentence, this Agreement, the Notes and any Subsidiary Guaranties embody the entire agreement and understanding between each Purchaser or Additional Purchaser, as the case may be, and the Company and supersede all prior agreements and understandings relating to the subject matter hereof.

CTION 17. AMENDMENT AND WAIVER.

Section 17.1. Requirements. (a) Except as expressly set forth herein, this Agreement (including any Supplement) and each Series or tranche of Notes may be amended, and the observance of any term hereof or of such Notes may be waived (either retroactively or prospectively), only with the written consent of the Company and the Required Holders, except that:

(1) no amendment or waiver of any of Sections 1, 2, 3, 4, 5, 6 or 21 hereof or the corresponding provision of any Supplement, or any defined term (as it is used therein),

will be effective as to any Purchaser unless consented to by such Purchaser or Additional Purchaser in writing; and

- (2) no amendment or waiver may, without the written consent of each Purchaser directly and adversely affected thereby, Additional Purchaser directly and adversely affected thereby and the holder of each Note directly and adversely affected thereby at the time outstanding, (i) subject to Section 12 relating to acceleration or rescission, change the amount or time of any prepayment or payment of principal of, or reduce the rate or change the time of payment or method of computation of (x) interest on the applicable Series or tranche of Notes held by such Purchaser, Additional Purchaser or holder or (y) the Make-Whole Amount or Prepayment Settlement Amount, in each case, with respect to such Series and/or tranche of Notes, (ii) change the percentage of the principal amount of such Series and/or tranche of Notes the holders of which are required to consent to any amendment or waiver, or (iii) amend any of Sections 8 (except as set forth in the second sentence of Section 8.2 (or such corresponding provision of any Supplement)) and Section 11(a), 11(b), 12, 17 or 20; and
- (3) no amendment or waiver may, without the written consent of each Affiliated Holder, affect any Affiliated Holder more adversely than any other affected Purchasers, Additional Purchasers or other holders of each Note.
- (b) *Supplements*. Notwithstanding anything to the contrary contained herein, the Company may enter into any Supplement providing for the issuance of Additional Notes consistent with, and in compliance with, Sections 2.2 and 4.14 hereof without obtaining the consent of any holder of any other Notes.

Section 17.2. Solicitation of Holders of Notes.

- (a) Solicitation. The Company will provide each Purchaser and holder of a Note with sufficient information, sufficiently far in advance of the date a decision is required, to enable such Purchaser or such holder to make an informed and considered decision with respect to any proposed amendment, waiver or consent in respect of any of the provisions hereof, any Supplement or of the Notes or any Subsidiary Guaranty. The Company will deliver executed or true and correct copies of each amendment, waiver or consent effected pursuant to this Section 17 or any Subsidiary Guaranty to each Purchaser and holder of a Note promptly following the date on which it is executed and delivered by, or receives the consent or approval of, the requisite Purchasers or holders of Notes.
- (b) *Payment*. The Company will not directly or indirectly pay or cause to be paid any remuneration, whether by way of supplemental or additional interest, fee or otherwise, or grant any security or provide other credit support, to any Purchaser or holder of a Note as consideration for or as an inducement to the entering into by such Purchaser or holder of any waiver or amendment of any of the terms and provisions hereof or of any Subsidiary Guaranty, any Supplement or any Note unless such remuneration is concurrently paid, or security is concurrently granted or other credit support concurrently provided, on the same terms, ratably to each Purchaser or holder of a Note even if such Purchaser or holder did not consent to such waiver or amendment.

(c) Consent in Contemplation of Transfer. Any consent given pursuant to this Section 17 or any Subsidiary Guaranty by a holder of a Note that has transferred or has agreed to transfer its Note to (i) the Company, (ii) any Subsidiary or any other Affiliate or (iii) any other Person in connection with, or in anticipation of, such other Person acquiring, making a tender offer for or merging with the Company and/or any of its Affiliates, in each case in connection with such consent, shall be void and of no force or effect except solely as to such holder, and any amendments effected or waivers granted or to be effected or granted that would not have been or would not be so effected or granted but for such consent (and the consents of all other holders of Notes that were acquired under the same or similar conditions) shall be void and of no force or effect except solely as to such holder.

Section 17.3. Binding Effect, Etc. Any amendment or waiver consented to as provided in this Section 17 or any Subsidiary Guaranty applies equally to all Purchasers and holders of Notes and is binding upon them and upon each future Purchaser and holder of any Note and upon the Company without regard to whether such Note has been marked to indicate such amendment or waiver. No such amendment or waiver will extend to or affect any obligation, covenant, agreement, Default or Event of Default not expressly amended or waived or impair any right consequent thereon. No course of dealing between the Company and any Purchaser or holder of a Note and no delay in exercising any rights hereunder or under any Note or Subsidiary Guaranty shall operate as a waiver of any rights of any Purchaser or holder of such Note.

Section 17.4. Notes Held by Company, Etc. Solely for the purpose of determining whether the holders of the requisite percentage of the aggregate principal amount of the relevant Series and/or tranche of Notes or directly affected Notes then outstanding approved or consented to any amendment, waiver or consent to be given under this Agreement, any Subsidiary Guaranty or the Notes of such Series or tranche, or have directed the taking of any action provided herein or in any Subsidiary Guaranty or the Notes of such Series or tranche to be taken upon the direction of the holders of a specified percentage of the aggregate principal amount of such Series of Notes or directly affected Notes then outstanding, Notes directly or indirectly owned by the Company or any of its Affiliates shall be deemed not to be outstanding, except with relation to any amendment, waiver or consent pursuant to Section 17.1(a), (b) or (c).

CTION 18. NOTICES.

CTION 19. REPRODUCTION OF DOCUMENTS.

This Agreement and all documents relating thereto, including (a) consents, waivers and modifications that may hereafter be executed, (b) documents received by any Purchaser or Additional Purchaser at a Closing (except the Notes themselves), and (c) financial statements, certificates and other information previously or hereafter furnished to any Purchaser or Additional Purchaser, may be reproduced by such Purchaser or Additional Purchaser by any photographic, photostatic, electronic, digital, or other similar process and such Purchaser or Additional Purchaser may destroy any original document so reproduced. The Company agrees and stipulates that, to the extent permitted by applicable law, any such reproduction shall be admissible in evidence as the original itself in any judicial or administrative proceeding (whether or not the original is in existence and whether or not such reproduction was made by such Purchaser or Additional Purchaser in the regular course of business) and any enlargement, facsimile or further reproduction of such reproduction shall likewise be admissible in evidence. This Section 19 shall not prohibit the Company or any other holder of Notes from contesting any such reproduction to the same extent that it could contest the original, or from introducing evidence to demonstrate the inaccuracy of any such reproduction.

CTION 20. CONFIDENTIAL INFORMATION.

For the purposes of this Section 20, "Confidential Information" means information delivered to any Purchaser or Additional Purchaser by or on behalf of the Company or any subsidiary in connection with the transactions contemplated by or otherwise pursuant to this

Agreement or any Supplement that is proprietary in nature and that was clearly marked or labeled or otherwise adequately identified when received by such Purchaser or Additional Purchaser as being confidential information of the Company or such subsidiary, provided that such term does not include information that (a) was publicly known or otherwise known to such Purchaser or Additional Purchaser prior to the time of such disclosure, (b) subsequently becomes publicly known through no act or omission by such Purchaser or Additional Purchaser or any Person acting on such Purchaser's or Additional Purchaser's behalf, (c) otherwise becomes known to such Purchaser or Additional Purchaser other than through disclosure by the Company or any subsidiary or (d) constitutes financial statements delivered to such Purchaser or Additional Purchaser under Section 7.1 that are otherwise publicly available. Each Purchaser or Additional Purchaser will maintain the confidentiality of such Confidential Information in accordance with procedures adopted by such Purchaser or Additional Purchaser in good faith to protect confidential information of third parties delivered to such Purchaser and Additional Purchaser, provided that such Purchaser or Additional Purchaser may deliver or disclose Confidential Information to (i) its affiliates (who are not Competitors) and its and their respective directors, officers, employees (legal and contractual), agents, attorneys, trustees and partners (collectively, "Related Persons") (to the extent such disclosure reasonably relates to the administration of the investment represented by its Notes) and such disclosure is made on a confidential basis, (ii) its auditors, financial advisors, investment advisors and other professional advisors and in the case of any Purchaser or holder that is a Related Fund, to the extent such disclosure reasonably relates to the administration and/or selection of the investment represented by such Related Fund's Notes, to its investors and partners (in each case, who are not Competitors) and their Related Persons, in each case under this clause (ii) who agree to hold confidential the Confidential Information substantially in accordance with this Section 20, (iii) any other holder of any Note, (iv) any Institutional Investor to which it sells or offers to sell such Note or any part thereof or any participation therein (if such Person has agreed in writing prior to its receipt of such Confidential Information to be bound by this Section 20), (v) any Person from which it offers to purchase any Security of the Company (if such Person has agreed in writing prior to its receipt of such Confidential Information to be bound by this Section 20), (vi) any federal or state regulatory authority having jurisdiction over such Purchaser or Additional Purchaser, (vii) the NAIC or the SVO or, in each case, any similar organization, or any nationally recognized rating agency that requires access to information about such Purchaser's or Additional Purchaser's investment portfolio, or (viii) any other Person to which such delivery or disclosure may be necessary or appropriate (w) to effect compliance with any law, rule, regulation or order applicable to such Purchaser or Additional Purchaser, (x) in response to any subpoena or other legal process, (y) in connection with any litigation to which such Purchaser or Additional Purchaser is a party or (z) if an Event of Default has occurred and is continuing, to the extent such Purchaser or Additional Purchaser may reasonably determine such delivery and disclosure to be necessary in the enforcement or for the protection of the rights and remedies under such Purchaser's or Additional Purchaser's Notes, this Agreement or any Subsidiary Guaranty. Each holder of a Note, by its acceptance of a Note, will be deemed to have agreed to be bound by and to be entitled to the benefits of this Section 20 as though it were a party to this Agreement. On reasonable request by the Company in connection with the delivery to any holder of a Note of information required to be delivered to such holder under this Agreement or requested by such holder (other than a holder that is a party to this Agreement or its nominee), such holder will enter into an agreement with the Company embodying this Section 20.

In the event that as a condition to receiving access to information relating to the Company or its subsidiaries in connection with the transactions contemplated by or otherwise pursuant to this Agreement, any Purchaser or Additional Purchaser or holder of a Note is required to agree to a confidentiality undertaking (whether through Intralinks, another secure website, a secure virtual workspace or otherwise) which is different from this Section 20, this Section 20 shall not be amended thereby and, as between such Purchaser or Additional Purchaser or such holder and the Company, this Section 20 shall supersede any such other confidentiality undertaking.

CTION 21. SUBSTITUTION OF PURCHASER.

Each Purchaser or Additional Purchaser shall have the right to substitute any one of its Affiliates or another Purchaser or Additional Purchaser or any one of such other Purchaser's or Additional Purchaser's Affiliates (a "Substitute Purchaser") as the purchaser of the Notes that it has agreed to purchase hereunder, by written notice to the Company, which notice shall be signed by both such Purchaser or Additional Purchaser and such Substitute Purchaser, shall contain such Substitute Purchaser's agreement to be bound by this Agreement and shall contain a confirmation by such Substitute Purchaser of the accuracy with respect to it of the representations set forth in Section 6. Upon receipt of such notice, any reference to such Purchaser in this Agreement (other than in this Section 21) or any Additional Purchaser in any Supplement, shall be deemed to refer to such Substitute Purchaser in lieu of such original Purchaser or Additional Purchaser, as the case may be. In the event that such Substitute Purchaser is so substituted as a Purchaser hereunder or any Additional Purchaser in any Supplement and such Substitute Purchaser thereafter transfers to such original Purchaser or Additional Purchaser as a "Purchaser" in this Agreement (other than in this Section 21), shall no longer be deemed to refer to such Substitute Purchaser, but shall refer to such original Purchaser or Additional Purchaser, as the case may be, and such original Purchaser or Additional Purchaser shall again have all the rights of an original holder of the Notes under this Agreement.

CTION 22. MISCELLANEOUS.

Section 22.1. Successors and Assigns. All covenants and other agreements contained in this Agreement (including all covenants and other agreements contained in any Supplement) by or on behalf of any of the parties hereto bind and inure to the benefit of their respective successors and assigns (including any subsequent holder of a Note) whether so expressed or not, except that, subject to Section 10.2, the Company may not assign or otherwise transfer any of its rights or obligations hereunder or under the Notes without the prior written consent of each holder. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto and their respective successors and assigns permitted hereby) any legal or equitable right, remedy or claim under or by reason of this Agreement.

Section 22.2. Accounting Terms. (a) All accounting terms used herein which are not expressly defined in this Agreement have the meanings respectively given to them in accordance with GAAP. Except as otherwise specifically provided herein, (i) all computations made pursuant to this Agreement shall be made in accordance with GAAP, and (ii) all financial statements shall be prepared in accordance with GAAP. For purposes of determining compliance with this

Agreement (including Section 9, Section 10, the definition of "Indebtedness" and any Incorporated Covenant), any election by the Company to measure any financial liability using fair value (as permitted by Financial Accounting Standards Board Accounting Standards Codification Topic No. 825-10-25 – *Fair Value Option*, International Accounting Standard 39 – *Financial Instruments: Recognition and Measurement* or any similar accounting standard) shall be disregarded and such determination shall be made as if such election had not been made.

- (b) If the Company notifies the holders of the Notes that the Company requests an amendment to any provision hereof to eliminate the effect of any change occurring after the date of the initial Closing in GAAP or in the application thereof on the operation of such provision (or if a holder of the Notes notifies the Company that the Required Holders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof then the Company and the holders of the Notes agree to enter into negotiations in good faith in order to amend such provisions of this Agreement so as to equitably reflect such change to comply with GAAP with the desired result that the criteria for evaluating the Company's financial condition shall be the same after such change to comply with GAAP as if such change had not been made; *provided, however*, until such amendments to equitably reflect such changes are effective and agreed to by the Company and the Required Holders (or until such notice shall have been withdrawn), the Company's compliance with such financial covenants shall be determined on the basis of GAAP as in effect and applied immediately before such change in GAAP becomes effective.
- (c) All leases that are or would have been treated as operating leases for purposes of GAAP prior to the issuance on February 25, 2016 of the Accounting Standards Update (the "ASU") shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations for the purposes of this Agreement (whether or not such operating lease obligations were in effect on such date) notwithstanding the fact that such obligations are required in accordance with the ASU (on a prospective or retroactive basis or otherwise) to be treated as capitalized lease obligations in the financial statements to be delivered pursuant to this Agreement.
- **Section 22.3. Severability.** Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall (to the full extent permitted by law) not invalidate or render unenforceable such provision in any other jurisdiction.
- **Section 22.4. Construction, Etc.** Each covenant contained herein shall be construed (absent express provision to the contrary) as being independent of each other covenant contained herein, so that compliance with any one covenant shall not (absent such an express contrary provision) be deemed to excuse compliance with any other covenant. Where any provision herein refers to action to be taken by any Person, or which such Person is prohibited from taking, such provision shall be applicable whether such action is taken directly or indirectly by such Person.

Defined terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding

masculine, feminine and neuter forms. The words "include," "includes" and "including" shall be deemed to be followed by the phrase "without limitation." The word "will" shall be construed to have the same meaning and effect as the word "shall." Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein) and, for purposes of the Notes, shall also include any such notes issued in substitution therefor pursuant to Section 13, (b) subject to Section 22.1, any reference herein to any Person shall be construed to include such Person's successors and assigns, (c) the words "herein," "hereof" and "hereunder," and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (d) all references herein to Sections and Schedules shall be construed to refer to Sections of, and Schedules to, this Agreement, and (e) any reference to any law or regulation herein shall, unless otherwise specified, refer to such law or regulation as amended, modified or supplemented from time to time.

Except as otherwise specified herein, if the payment of any obligation or the performance of any action, covenant, duty or obligation under this Agreement is stated to be due or performed on a day which is not a Business Day, the date of such payment or performance shall extend to the immediately succeeding Business Day and such extension of time shall be reflected in computing interest or fees, as the case may be.

Section 22.5. Counterparts; Electronic Contracting. This Agreement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one instrument. Each counterpart may consist of a number of copies hereof, each signed by less than all, but together signed by all, of the parties hereto. The parties agree to electronic contracting and signatures with respect to this Agreement or any Supplement and all documents relating thereto (other than the Notes). Delivery of an electronic signature to, or a signed copy of, this Agreement and all documents relating thereto (other than the Notes) by facsimile, email or other electronic transmission shall be fully binding on the parties to the same extent as the delivery of the signed originals and shall be admissible into evidence for all purposes. The words "execution," "execute", "signed," "signature," and words of like import in or related to any document to be signed in connection with this Agreement and all documents relating thereto (other than the Notes) shall be deemed to include electronic signatures, the electronic matching of assignment terms and contract formations on electronic platforms approved by the Company, or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the Electronic Commerce Security Act, or any other similar state laws based on the Uniform Electronic Transactions Act. Notwithstanding the foregoing, if any Purchaser shall request manually signed counterpart signatures to any documents relating to this Agreement, the Company hereby agrees to use its reasonable endeavors to provide such manually signed signature pages as soon as reasonably practicable.

Section 22.6. Governing Law. This Agreement shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the law of the State of New York excluding choice-of-law principles of the law of such State that would permit the application of the laws of a jurisdiction other than such State.

- Section 22.7. Jurisdiction and Process; Waiver of Jury Trial. (a) The Company and each Purchaser and Additional Purchaser irrevocably submits to the non-exclusive jurisdiction of any New York State or federal court sitting in the Borough of Manhattan, The City of New York, over any suit, action or proceeding arising out of or relating to this Agreement or the Notes. To the fullest extent permitted by applicable law, the Company and each Purchaser and Additional Purchaser irrevocably waives and agrees not to assert, by way of motion, as a defense or otherwise, any claim that it is not subject to the jurisdiction of any such court, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding brought in any such court and any claim that any such suit, action or proceeding brought in any such court has been brought in an inconvenient forum.
- (b) The Company and each Purchaser and Additional Purchaser agrees, to the fullest extent permitted by applicable law, that a final judgment in any suit, action or proceeding of the nature referred to in Section 22.7(a) brought in any such court shall be conclusive and binding upon it subject to rights of appeal, as the case may be, and may be enforced in the courts of the United States of America or the State of New York (or any other courts to the jurisdiction of which it or any of its assets is or may be subject) by a suit upon such judgment.
- (c) The Company and each Purchaser and Additional Purchaser consents to process being served by or on behalf of any holder of Notes in any suit, action or proceeding of the nature referred to in Section 22.7(a) by mailing a copy thereof by registered, certified, priority or express mail (or any substantially similar form of mail), postage prepaid, return receipt or delivery confirmation requested or on-line tracking service available, to it at its address specified in Section 18 or at such other address of which such holder shall then have been notified pursuant to said Section. The Company and each Purchaser and Additional Purchaser agrees that such service upon receipt (i) shall be deemed in every respect effective service of process upon it in any such suit, action or proceeding and (ii) shall, to the fullest extent permitted by applicable law, be taken and held to be valid personal service upon and personal delivery to it. Notices hereunder shall be conclusively presumed received as evidenced by a delivery receipt or on-line confirmation of delivery furnished by the United States Postal Service or any reputable commercial delivery service.
- (d) Nothing in this Section 22.7 shall affect the right of any holder of a Note to serve process in any manner permitted by law, or limit any right that the holders of any of the Notes may have to bring proceedings against the Company in the courts of any appropriate jurisdiction or to enforce in any lawful manner a judgment obtained in one jurisdiction in any other jurisdiction.
- (e) The parties hereto hereby waive trial by jury in any action brought on or with respect to this Agreement, the Notes or any other document executed in connection herewith or therewith.

financial information and other forward-looking information referenced in Section 5.3(b), information relating to third parties and
information of a general economic or general or specific industry nature)-prior to [circle date] in connection with the transactions

that has not been set forth herein or in the Disclosure Documents.
(b) All financial projections, pro forma financial information and other forward-looking information which has been delivered to each

significant and inherent uncertainty and contingencies (many of which are beyond the control of the Company) and that no assurance can be given that such financial information will be realized, and are therefore not to be viewed as fact, and (2) actual results during the period or periods covered by such financial information may materially differ from the results set forth therein.

Section 5.4. Organization and Ownership of Shares of Subsidiaries; Affiliates. (a) Schedule 5.4 contains (except as noted therein) complete and correct lists as of the date of the Series ___ Closing of (i) the Company's Subsidiaries, showing, as to each Subsidiary, the name thereof, the jurisdiction of its organization, the percentage of shares of each class of its capital stock or similar equity interests outstanding owned by the Company and each other Subsidiary and whether such Subsidiary is a Subsidiary Guarantor, and (ii) the Company's directors and senior officers.

- (b) All of the outstanding shares of capital stock or similar equity interests of each Subsidiary shown in Schedule 5.4 as being owned by the Company and its Subsidiaries have been validly issued, and, to the extent applicable, are fully paid and non-assessable and are owned by the Company or another Subsidiary free and clear of any Lien that is prohibited by this Agreement.
- (c) Each Subsidiary is a limited liability company or other legal entity duly organized, validly existing and, where applicable, in good standing under the laws of its jurisdiction of organization or incorporation, as applicable, and is duly qualified as a foreign limited liability company or other legal entity and, where applicable, is in good standing in each jurisdiction in which such qualification is required by law, except in those jurisdictions where the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each such Subsidiary has the limited liability company or other power and authority to own or hold under lease the properties it purports to own or hold under lease and to transact the business it transacts and proposes to transact, except where the failure to have such power or authority would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.
- (d) No Subsidiary is subject to any legal, regulatory, contractual or other restriction (other than the agreements listed on Schedule 5.4 and customary limitations imposed by corporate law or similar statutes) restricting the ability of such Subsidiary to pay dividends out of profits or make any other similar distributions of profits to the Company or any of its Subsidiaries that owns outstanding shares of capital stock or similar equity interests of such Subsidiary.

Section 5.5. Financial Statements; Material Liabilities. The Company has delivered to each Additional Purchaser copies of the financial statements of the Company and its Subsidiaries listed on Schedule 5.5. Section 5.13. Private Offering by the Company. Neither the Company nor anyone acting on its behalf has offered the Series Notes or any similar Securities for sale to, or solicited any offer to buy the Series Notes or any similar Securities from, or otherwise approached or negotiated in respect thereof with, any Person other than the Additional Purchasers and not more than other Institutional Investors, each of which has been offered the Series Notes at a private sale for investment. Neither the Company nor anyone acting on its behalf has taken, or will take, any action that would subject the issuance or sale of the Series Notes to the registration requirements of section 5 of the Securities Act or to the registration requirements of any Securities or blue sky laws of any applicable jurisdiction.
Section 5.14. Use of Proceeds; Margin Regulations. The Company will apply the proceeds of the sale of the Series Notes hereunder for general corporate purposes of the Company and its Subsidiaries and as otherwise set forth in the section of the entitled " ". No part of the proceeds from the sale of the Series Notes hereunder will be used, directly or indirectly, for the purpose of buying or carrying any margin stock within the meaning of Regulation U of the Board of Governors of the Federal Reserve System (12 CFR 221), or for the purpose of buying or carrying or trading in any Securities under such circumstances as to involve the Company in a violation of Regulation X of said Board (12 CFR 224) or to involve any broker or dealer in a violation of Regulation T of said Board (12 CFR 220). Margin stock does not constitute more than % of the value of the consolidated assets of the Company and its subsidiaries and the Company does not have any present intention that margin stock will constitute more than % of the value of such assets. As used in this Section, the terms "margin stock" and "purpose of buying or carrying" shall have the meanings assigned to them in said Regulation U.
Section 5.15. Existing Indebtedness; Future Liens. (a) Except as described therein, Schedule 5.15 sets forth a complete and correct list of all outstanding Material Indebtedness of the Company and its Subsidiaries as of [], 20[] (including descriptions of the obligors and obligees, principal amounts outstanding, any collateral therefor and any Guarantee thereof), since which date there has been no Material change in the amounts, interest rates, sinking funds, installment payments or maturities of the Material Indebtedness of the Company or its Subsidiaries. As of [], 20[], neither the Company nor any Subsidiary is in default and no waiver of default is currently in effect, in the payment of any principal or interest on any Material Indebtedness of the Company or such Subsidiary and, to the knowledge of the Company, no event or condition exists with respect to any Material Indebtedness of the Company or any Subsidiary that would permit (or that with notice or the lapse of time, or both, would permit) one or more Persons to cause such Material Indebtedness to become due and payable before its stated maturity or before its regularly scheduled dates of payment.
(b) Except as disclosed in Schedule 5.15, neither the Company nor any Subsidiary has agreed or consented to cause or permit any of its property, whether now owned or hereafter acquired, to be subject to a Lien that secures Material Indebtedness or to cause or permit in the future (upon the happening of a contingency or otherwise) any of its property, whether now owned or hereafter acquired, to be subject to a Lien that secures Material Indebtedness.
A-3

(c) Neither the Company nor any Subsidiary is a party to, or otherwise subject to any provision contained in, any instrument evidencing Material Indebtedness of the Company or such Subsidiary, any agreement relating thereto or any other agreement (including its charter or any other organizational document) which limits the amount of, or otherwise imposes restrictions on the incurring of, Material Indebtedness of the Company, except as disclosed in Schedule 5.15.
