The information on distributions paid by Trinity Capital Inc. (“Trinity” or the “Company”) (CUSIP Number: 896442308) for 2025 is set forth below. For tax purposes, the Company is a regulated investment company (“RIC”) and is designating the types of distributions you received as a stockholder in 2025 in accordance with Subchapter M of the Internal Revenue Code of 1986, as amended (“IRC”), in the following manner:

- **Ordinary Income Dividends:** These dividends are from the Company’s ordinary net investment income and net short-term capital gains for the year. This type of dividend is to be reported on your tax return as ordinary income. Ordinary dividend distributions from a RIC do not qualify for the maximum 20% tax rate on dividend income from domestic corporations and qualified foreign corporations except to the extent that the RIC received the income in the form of qualifying dividends from domestic corporations and qualified foreign corporations. The Company did not receive income in the form of qualifying dividends from domestic corporations or qualified foreign corporations during 2025.

Total ordinary income distributions are reported on your Form 1099-DIV in Box 1a.

- **Capital Gain Distributions:** Capital gain distributions arise from net long-term capital gain recognized by the Company during the year. These capital gain distributions generally qualify for the maximum 20% U.S. federal income tax rate on net capital gain recognized by U.S. resident individuals and certain other U.S. persons. All capital gains are determined by how long the Company held the investment and the type of investment.

Total capital gain distributions are reported on your Form 1099-DIV in Box 2a.

Distributions that were reinvested through the Company’s Dividend Reinvestment Plan are treated, for tax purposes, as if they had been paid in cash. Therefore, stockholders who participated in the Dividend Reinvestment Plan should also refer to the table below for appropriate tax treatment of 2025 distributions.
